## **Delinquency Social Policy:**

**Delinquency and Social Policy** Paul Lerman,1970      **Delinquency and Social Policy** Gene G. Kassebaum,1974 A sociological approach to the phenomena of juvenile delinquency and the policies of control that confronts it

**Delinquency, Development, and Social Policy** David E. Brandt,2008-10-01 In this book David E Brandt examines the legal psychological and cultural issues relevant to understanding antisocial behavior in adolescence Based on his own research and a broad analysis of recent work in the field Brandt identifies the factors that are common in cases of delinquency The discussion considers the long term effects of social issues such as poverty as well as psychological issues such as the high levels of stress and anxiety suffered during childhood by many delinquents He shows how a failure to meet the developmental needs of children at both the family level and at a broader social and political level is at the core of the problem of juvenile delinquency Brandt concludes with an inquiry into how best to prevent delinquency Programs that address the developmental needs of children Brandt argues are more effective than policing juvenile courts or incarceration

Juvenile Delinquency and Social Policy - a Summary Paper Eric Jones,1980      **Social Policy and the Young**

**Delinquent** Peter Boss,2024-08-01 Originally published in 1967 *Social Policy and the Young Delinquent* is an account of a process of the way in which the treatment of the child delinquent has developed from the days when a boy of nine could be sentenced to be hanged for stealing two penny worth of paint though the sentence imposed in 1833 was not actually carried out to the controversies of the time concerning the desirability of replacing the legalistic and penal framework of the services for young offenders by a service more appropriate to their educational and social needs Peter Boss deals with the development of policy relating to the young offender with sympathy and clarity While his own views were progressive he is at pains to point out the administrative advantages and disadvantages of each of the current proposals and to leave the reader free to make up their own mind on issues which have no simple and easy solution Profound changes had taken place in our attitude to delinquent children over the previous hundred years and as Boss makes clear the importance and even the direction of change was not always clearly discernible at the time Whatever the outcome of the controversy in 1967 this account of a developing process would have been of value in enabling us to stand back and take the long view of the most intractable and important problems of modern urban society      New Directions in Criminological Theory Freda

Adler,William S. Laufer,2023-04-28 *New Directions in Criminological Theory* focuses on new approaches to theory construction with particular emphasis on reformulations and new applications of existing paradigms It includes an assessment of labeling theory demonstrating how the approach could become part of a more comprehensive explanation of crime A case is made for studying crime in terms of the social context in which crimes are conceived interpreted and negotiated The debate between crime general and crime specific approaches is further amplified A rethinking of Hirschi s control theory is presented The volume includes theoretical discussions of spouse abuse of punishment and of power control

models Additional chapters examine theoretical advances in corporate illegality employee theft and the alcohol crime syndrome These original contributions include Charles F Wellford and Ruth A Triplett *The Future of Labeling Theory* Austin T Turk A Proposed Resolution of Key Issues in the Political Sociology of Law David Weisburd and Lisa Maher *Contrasting Crime General and Crime Specific Theory* Sally Simpson *Strategy Structure and Corporate Crime* Edward W Sieh *Employee theft* Robert Nash Parker *Alcohol and Theories of Homicide* Kimberly L Kempf *The Empirical Status of Hirschi s Control Theory* Jeffrey Fagan *The Social Control of Spouse Assault* Marc Le Blanc and Aaron Caplan *Theoretical Formalization A Necessity* Michael J Lynch *Control Theory and Punishment* Gary F Jensen *Power Control vs Social Control Theories of Common Delinquency* John Hagan A R Gillis and John Simpson *The Power of Control in Sociological Theories of Delinquency*
