**Democratic Responses to International Terrorism** David A. Charters, 2023-11-27 Here is an interdisciplinary approach to the problems of terrorism featuring a variety of perspectives and effective responses The authors examine the phenomenon of terrorism from different angles noting its implications for democratic states and thoroughly explore various aspects of response from policy and planning to specific counter measures Published under the Transnational Publishers imprint

Democratic Responses To Terrorism Leonard B. Weinberg, 2007-12-30 In the public debate many observers have argued that there is a trade off between fighting terrorism and enhancing democracy implying that democratic governance and its practices are obstacles to confronting terrorism effectively The purpose of this volume is to show that the values and principles of democracy must not be seen as a hindrance but should rather be considered as essential components of a counter terrorist strategy With a foreword by Fernando Henrique Cardoso former president of Brazil the essays here assess the elements of a new response against terrorism such as the role of the legal framework human rights democracy and civil society as well as international cooperation
