Antic Hay:

ANTIC HAY Aldous Huxley, 2019-06-03 Antic Hay takes place in London and depicts the aimless or self absorbed cultural elite in the sad and turbulent times following the end of World War I The story follows one Theodore Gumbriel in his invention of Gumbriel s Patent Small Clothes trousers which contain a pneumatic cushion in the seat Gumbriel s quest for love occasionally makes him resort to utilizing The Complete Man which is a disguise he concocts around a false full beard He relates to a diverse cast of characters in bohemian artistic and intellectual circles Everybody is lost but at the same time looking for happiness while everything is going out of control in a ridiculous and comic way The Bookman ,1927

Aldous Huxley Donald Watt, 2013-09-05 This set comprises forty volumes covering nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first sixty eight volume set of Critical Heritage published by Routledge in October 1995 Antic Hay Aldous Leonard Huxley, 2025-09-23 Antic Hay 1923 by Aldous Huxley is a satirical novel set in post World War I London portraying a generation disillusioned by the war and seeking meaning through pleasure art and intellectual play The story follows Theodore Gumbriel Jr a frustrated schoolteacher and would be inventor who creates Gumbriel s Patent Small Clothes trousers with inflatable cushions to ease sitting As he drifts through London s bohemian and artistic circles Gumbriel encounters eccentric characters writers artists and socialites who embody the aimlessness cynicism and restless energy of the lost generation The novel critiques the emptiness of modern urban life the collapse of traditional values and the futile search for happiness in fleeting indulgences Through sharp wit and biting satire Huxley paints a picture of a society caught between disillusionment and desperate hedonism *Aldous Huxley and Alternative Spirituality* Jake

Poller, 2019-08-12 Aldous Huxley and Alternative Spirituality offers an incisive analysis of the full range of Huxley s spiritual interests spanning both mysticism neo Vedanta Taoism Mahayana and Zen Buddhism and Western esotericism mesmerism spiritualism the paranormal Jake Poller examines how Huxley s shifting spiritual convictions influenced his fiction such as his depiction of the body and sex and reveals how Huxley s use of psychedelic substances affected his spiritual convictions resulting in a Tantric turn in his work Poller demonstrates how Huxley s vision of a new alternative spirituality in Island in which the Palanese select their beliefs from different religious traditions anticipates the New Age spiritual supermarket and traces the profound influence of Huxley s ideas on the spiritual seekers of the twentieth century and beyond Columbia University Course in Literature ,1929 The Genius of Aldous Huxley Samiran Kumar Paul, 2020-12-08 The Genius of Aldous Huxley is an attempt to make a critical analysis of Aldous Huxley s novels essays and plays The significant results of his stance in terms of his critical heritage were threefold the explicit message of the later fiction struck most readers as being detrimental to its artistry criticism of Huxley s craft often became indistinguishable from criticism of his ideas the popular response to Huxley s work continued to grow but the critical reception declined While they were looking to him for guidance

practically none of Huxley's readers were prepared for the directions he took in the coming books. His critics had so consistently overlooked the deeper import of the earlier work that the new outspoken idealism seemed an abrupt reversal if not a contradiction of attitudes. The shift of emphasis in Huxley's work introduced during the war years a period of new ferment and trial for his critical reputation. The volume of response never slackened if anything it increased. He has revealed himself as one of the few capable makers of cultural synthesis in our time. His concern for mankind is so obvious that one can only think readers who see nothing in his later fiction but obsessions and bitterness are incapable of appreciating his intentions or his powers.
