Charles Meymott Tidy

Ashes For Remembering:

Ashes and Amendments Gregory Parrott, 2025-07-08 After protest comes process After process resistance in pen In *Ashes and Amendments* the Whitmans engage in the quietest revolution yet the act of rewording a nation As remnants of the destroyed civic code are transcribed and reinterpreted Clara's descendants convene not in courtrooms but in candlelit halls reimagining what governance might look like if built on story soil and shared memory One descendant Jonah Whitman begins cataloguing errors of silence phrases left deliberately vague by historical documents His edits aren't sanctioned But they echo This is a novel of repairs Of seeing where the seam ripped and choosing not to stitch it back but to let light through the tear

What Makes This Day Different? David J. Schlafer, 1998-01-25 Schlafer looks at the preacher's task at the high times of the church and the secular year those occasions on which expectations run high and emotions can be intense He explores the temptations and pitfalls of preaching at weddings and funerals baptisms and ordinations civic holidays like Memorial Day and Thanksgiving and the high holy days of Christmas and Easter He also discusses preaching at times of tension and conflict in the church the responsibilities of a guest preacher and how to handle preaching missions and retreats Included in each chapter are helpful summaries of what to include and avoid in sermon preparation as well as excerpts of sermons illustrating the principles he outlines

Ashes for Remembering Merle G. Franke, 1973-01-01 [Holocaust, War and Transnational Memory](#) Stijn Vervaeke, 2017-11-23 Until now there has been little scholarly attention given to the ways in which Eastern European Holocaust fiction can contribute to current debates about transnational and transgenerational memory Yugoslav and post Yugoslav literary narratives about the Holocaust offer a particularly interesting case because time and again Holocaust memory is represented as intersecting with other stories of extreme violence with the suffering of the non Jewish South Slav population during the Second World War with the fate of victims of Stalinist terror and with the victims of ethnic cleansing in the Yugoslav wars of the 1990s This book examines the emergence and transformations of Holocaust memory in the socialist Yugoslav and post Yugoslav eras It discusses literary texts about the Holocaust by Yugoslav and post Yugoslav writers situating their oeuvre in the historical and discursive context in which it emerged and paying attention to its reception at the time The book shows how in the writing of different generational groups the survivor generation the 1.5 and the second and third generations the Holocaust is a motif for understanding the nature of extreme violence locally and globally The book offers comparative studies of several authors as well as readings of the work of individual writers It uncovers forgotten authors and discusses internationally well known and translated authors such as Danilo Kiš and David Albahari By focusing on work by Jewish and non Jewish authors of three generations it sheds light on the ethical and aesthetic aspects of the transgenerational transmission of Holocaust memory in the Yugoslav context As such this book will appeal to both students and scholars of Holocaust studies cultural memory studies literary studies cultural history cultural sociology Balkan studies and Eastern European politics
