

# VORTEX CO. CASE STUDY

How Vortex Co. used Network's  
Social Tracking Tool to Make their  
B2B Conversions Skyrocket!

## OVERVIEW

Content and engagement have been prioritized by B2B brands as another primary sales channel. "If you build it, they will come" has changed to apply differently. If you invest marketing spend, you'll get one. However, it's not truly guaranteed. But we know that's not true today, so we'll fix it.

To achieve our goal of reaching highly qualified leads, we decided to combine Network's Sponsored Updates and Audience Discovery Targeting with our own proprietary social advertising tool.

The approach helped us reach all business-related professionals we needed to, but also track sharing and conversions that were beyond our direct interactions with the target audience.

"As a Certified Ad Partner, we've seen up close how Network ads attain outstanding results for client advertising strategies. So, when we decided to run our own campaign focused on generating high quality B2B leads, adding the power of Network's Sponsored Updates to our own real-time tracking technology was a step forward for us."

— Benette Fitzgerald Vice President, Marketing @ Vortex Co.

## APPROACH

### Testing Content was Essential

Understanding Facebook's latest sponsored content features is essential, and we used RT ad tools to optimize the data points and drive winning creatives.

### Well-Targeted Targeting

Network's premium professional targeting set us apart. It allowed great focused audience marketing along with other great targeting methods, increased our reach.

### Beyond Media

We made sure to optimize content for mobile, but also desktop.

### Multiplatform Social Tracking

Combining our ad tool with third-party integrations allowed beyond-the-feed sharing, social sharing and more data.

## RESULTS

**42%**  
under CPA  
(cost-per-action)  
Goal

**21%**  
conversion  
rate in 2020

**162**  
conversions  
tracked across  
all interactions

## CONCLUSION

To maximize quality content and quality leads, B2B brands need access to a premium, relevant audience in which content can be tested and optimized. The bottom line is that, going forward, the ability to measure the quality of their ads, and how it contributes to the conversions they receive. BlueTag has combined these elements to help to address Facebook B2B companies' real marketing and business issues.
