The Babylon File Andy Lane, 1997 J Michael Straczynski's epic space opera *Babylon 5* is unusual in that the science fiction show comprises a single story evolving over five years This volume provides a broad overview of the tale as well as examining the minutiae of each episode There are detailed plot synopses a guide to the station that gives the series its name a history of the *Babylon 5* universe and a lighter look at the characters The book also quotes some of the show's more humorous dialogue There is an introductory essay by the programme's creator and an enlightened discussion of
