**Choices: Good Choices, Bad Choices and Blind Guesses** Catherine Barry,2015-09-23 A choice is just the first step of your future course In some cases we even take that step with our eyes closed Ever feel like you need a road map for your life Imagine how your students must feel when not only do they need a map they ve also never been taught how to read a map This session will take your students on a journey through the adventure of decision making It is designed to break down the common situations that children and teens alike find themselves in when facing choices **Freedom** Katrin

Flikschuh,2013-04-23 In this engaging new book Katrin Flikschuh offers an accessible introduction to divergent conceptions of freedom in contemporary liberal political philosophy Beginning with a discussion of Isaiah Berlin s seminal distinction between negative and positive liberty the book goes on to consider Gerald MacCallums alternative proposal of freedom as a triadic concept The abiding influence of Berlin s argument on the writings of contemporary liberal philosophers such as Robert Nozick Hillel Steiner Ronald Dworkin and Joseph Raz is fully explored in subsequent chapters Flikschuh shows that instead of just one negative and one positive freedom tradition contemporary liberal thinkers articulate the meaning and significance of liberal freedom in many different and often conflicting ways What should we make of such diversity and disagreement Should it undermine our confidence in the coherence of liberal freedom Should we strive towards greater conceptual and normative unity Flikschuh argues that moral and political disagreement about freedom can often be traced back to differences in underlying metaphysical presuppositions and commitments Yet these differences do not show liberal freedom debates to be confused or incoherent On the contrary they demonstrate the centrality of this philosophically elusive idea to the continued vitality of liberal political thinking *People Make Bad Choices with High Confidence* Gregory John
