Echols argues that the truth on the ground was much more complicated than that. Focusing on SNCC and the Black Panther Party in the late 1960s she shows how white liberals remained important allies of and actors within the movement. As she details this continuing solidarity involved a whole cast of characters in specialized professional roles. First there were movement attorneys whose innovative and self-consciously radical lawyering resulted in numerous legal victories. Also crucial were editors such as John J. Simon who worked at some of America's biggest trade presses and made possible the publication of books by Stokely Carmichael, Angela Davis, and Huey Newton among others. Finally she underscores how important money was to the struggle. Movement histories typically turn on theoretical and strategic breakthroughs and re-positionings entirely sidestepping the matter of money. Yet movements don't live much less thrive on political purity. They have bills to pay and not just for bail, court costs, and lawyers' fees. Ultimately the portrait that emerges is of an enduring cross-racial coalition that belies the standard narrative of racial politics in the late 1960s. Lastly she shows how conservatives in large part forged the narrative that racial solidarity had collapsed with Tom Wolfe's groundbreaking *Radical Chic* essay playing a key role. Not only will this reshape our understanding of the era it sheds important light on the current controversies surrounding identity, politics, social justice movements, and who gets to participate in them.

***The Nuisance*** Cora Smith Gould, 1919

***The North American Indian: The Yakima, The Klickitat, Salishan tribes of the interior. The Kutenai*** Edward S. Curtis, 1911. A comprehensive and permanent record of all the important tribes of the United States and Alaska that still retain to a considerable degree their primitive customs and traditions. The value of such a work in great measure will lie in the breadth of its treatment, in its wealth of illustration, and in the fact that it represents the result of personal study of a people who are rapidly losing the traces of their aboriginal character and who are destined ultimately to become assimilated with the superior race. It has been the aim to picture all features of the Indian life and environment, types of the young and the old, with their habitations, industries, ceremonies, games, and everyday customs. Though the treatment accorded the Indians by those who lay claim to civilization and Christianity has in many cases been worse than criminal, a rehearsal of these wrongs does not properly find a place here.
