Congress. Senate. Committee on Foreign Relations. Subcommittee on African Affairs,1998 *Political Opposition and Democracy in Sub-Saharan Africa* Elliott Green,Johanna Söderström,Emil Uddhammar,2016-04-08 This book takes a closer look at the role and meaning of political opposition for the development of democracy across sub Saharan Africa Why is room for political opposition in most cases so severely limited Under what circumstances has the political opposition been able to establish itself in a legitimate role in African politics To answer these questions this edited volume focuses on the institutional settings the nature and dynamics within and between political parties and the relationship between the citizens and political parties It is found that regional devolution and federalist structures enable political opposition to organize and gain local power as a supplement to influence at the central level Generally however opposition parties are lacking in organization and institutionalization as well as in their ability to find support in civil society and promote the issues that voters find most important Overall strong executive powers unchecked by democratic institutions in combination with deferential values and fear of conflict undermine legitimate opposition activity This book was originally published as a special issue of Democratization **Apropos of Africa** Martin Kilson,A.Cromwell Hill,2013-10-28 First published in 1969 This is part of a series that comprises reprints as well as original works on various aspects of African life history institutions culture political and social thought and eminent African personalities As *Africana* in the title indicates the term African is used liberally and includes persons of African descent in the New World whose life and work are clearly and deeply identified with Africa The reprints are in most part landmarks of African writing and each will contain a new introduction placing the author s life ideas and activities in perspective Industrial & Commercial South Africa and Storekeepers' Review ,1916 *U.S. Trade Relations with Sub-Saharan Africa* United States.
