America Is:

America is Indian Country José Barreiro, Tim Johnson, 2005 Jose Barreiro Ph D senior editorial advisor to Indian Country Today is one of the nation's leading scholars in American Indian policy journalism and publishing For 18 years his dedicated efforts helped forge the American Indian Program at Cornell University where he served as associate director and editor in chief of Akwe kon Press and its journal Native Americas Tim Johnson executive editor of Indian Country Today is a communications manager and strategist who has launched or remodeled three of the leading and most influential American Indian publications in the country For more than 20 years he has written edited and published extensively on a range of American Indian issues

America Is Now a Socialistic Country John D. Rigazio, 2010-08 The IRS must be replaced The IRS is not producing the revenues needed to grow our economy The fact that more poor and lower income Americans pay little or no taxes and the rich and big business have tax loopholes plus the growing number of Americans who don't even file any income taxes compiled with many tax cheaters it's little wonder why federal revenues are declining when they should be increasing We also have a growing underground economy in America as more and more Americans and illegals are dealing with cash only and not paying any income taxes This underground economy is at least 500 billion a year We must have a national consumption tax aka national volume added or national sales tax as of Jan 1 2011 We can make it 10 percent on everything Five percent of this national consumption tax goes to the federal government and five percent goes to the states to pay for the unfunded mandates the federal government passes Also as of 2011 the IRS should cut IRS taxes in half and make them much more simple In a year or two if the national consumer tax increases federal and state revenues we can double it to 20 percent and nearly eliminate the IRS A national value added sales tax will let America receive revenues from goods sold in America by slave labor countries and eliminate the cash only underground economy Whereas I suggest that the states receive 50 percent of the revenue received by a national sales tax aka value added tax the states could collect and monitor this tax With the exception of two or three states with no sales tax they could implement and enforce this consumption tax with a few new employees We must financially help the states because a chain is only as strong as its weakest link Health care bill is not funded President Obama said This health care legislation will be the greatest legislation since Roosevelt passed the Social Security Act However unlike Social Security it is an unfunded mandate which exceeds the ability of big and small businesses to pay for It is a socialistic boondoggle incognito It is my opinion that big business and small business cannot afford to pay for health insurance for the many Americans whom they employ The health care bill will cause more unemployment in America

America Is in the Heart Carlos Bulosan, 2014-04-01 First published in 1943 this classic memoir by well known Filipino poet Carlos Bulosan describes his boyhood in the Philippines his voyage to America and his years of hardship and despair as an itinerant laborer following the harvest trail in the rural West

Democracy in America: Is it in Peril? Plammoottil V. Cherian, 2023-02-23 Democracy in the world is backsliding in many countries around

the globe at the present time due to various reasons Different nations may have their own particular reasons such as socioeconomic inequality poverty failure of checks and balances that may result in an abrupt military coup d etat to change from democracy to tyranny In nations where democracy failed there were no tanks on the street Constitution of the land remained but elected leaders became autocrats maintaining a veneer of democracy America being a nation with nearly 80 percent of Christians has been the strongest democracy in the world who championed it as the model for the rest of the world However democracy in America appears to be in peril because of political bickering partisan gridlock and promulgation of falsities misinformation and faux faith by one political party By introducing the foundational principles of democracy from the philosophical arguments of Socrates Plato and Aristotle the author shows how and why the cornerstone of democracy in America shows signs of crumbling The book vividly explains Politics without God will shatter the foundation of democracy Present political system rejects the checks and balances laid by the founding fathers The right wing has cultivated a spirit of untruth that spreads like a wildfire Rejecting truth by political parties and leadership is a sign of strong delusion There is a clear moral bankruptcy in the present political sphere of our nation The brightness of democracy in America which Tocqueville praised has been tarnished Hypocritic and dishonest leaders should not reign lest the people be ensnared American politicians must register their solemn oath in heaven to act in truth No nation can be established in one day but can shatter in one day by a despot America must realign with God to lead the nation in truth justice and freedom for all Democracy turns to tyranny when a moral man becomes amoral With biblical prophecies and instructions the author shows that America faces a real threat to its democracy unless it resists tyrants with all their mind soul and strength which is obedience to God who can anchor the nation on its solid foundation set by the Founding Fathers Every citizen political and judicial leaders of the nation are the cupbearers and the watchmen of the nation

America Is Not Post-Racial Algernon Austin, 2015-09-09 This book is the first in depth examination of the 25 million Americans with the most intense hatred of President Obama arguably the most Republican friendly of recent Democratic presidents and what the mindsets of these Obama Haters teach us about race and ethnicity in America today Despite the fact that President Obama was raised by a white mother and white grandparents and has two degrees from Ivy League universities he has still been subject to intense racial hatred from a large number of Americans Even after Obama s presidency the Obama Haters and their xenophobia Islamophobia and racism will continue to shape American politics America is certainly not post racial argues author Algernon Austin PhD a noted sociologist and author on racial issues who consults on race politics and economics in Washington DC In this book he uses the Obama Haters as an appropriate jumping off point to consider what strategies might begin to reduce racial animosity in the United States a real concern considering that demographic trends are likely to exacerbate and escalate race based hatred in our society Austin sets the stage for the discussion by establishing that President Obama is hardly liberal in the eyes of liberal political activists raising the question of why Obama is so intensely hated by some

conservatives He then compares the views of the Obama Haters estimated to be some 25 million strong with conservatives moderates and liberals who are not Obama Haters The author shows how the Obama Haters are distinctly more xenophobic Islamophobic and racist than political conservatives who are not Obama Haters underscoring the fact that the Obama Haters are motivated by more than just conservatism *America Is Sinking* Charles Lee Burris, Jr.,2002 **Barnes V.
