Department of Printed Books,1889 **Revisiting Prussia's Wars against Napoleon** Karen Hagemann,2015-03-30 In 2013 Germany celebrated the bicentennial of the so called Wars of Liberation 1813 15 These wars were the culmination of the Prussian struggle against Napoleon between 1806 and 1815 which occupied a key position in German national historiography and memory Although these conflicts have been analyzed in thousands of books and articles much of the focus has been on the military campaigns and alliances Karen Hagemann argues that we cannot achieve a comprehensive understanding of these wars and their importance in collective memory without recognizing how the interaction of politics culture and gender influenced these historical events and continue to shape later recollections of them She thus explores the highly contested discourses and symbolic practices by which individuals and groups interpreted these wars and made political claims beginning with the period itself and ending with the centenary in 1913 **German, Jew, Muslim, Gay** Marc David Baer,2020-04-28 Hugo Marcus 1880 1966 was a man of many names and many identities Born a German Jew he converted to Islam and took the name Hamid becoming one of the most prominent Muslims in Germany prior to World War II He was renamed Israel by the Nazis and sent to the Sachsenhausen concentration camp before escaping to

Switzerland He was a gay man who never called himself gay but fought for homosexual rights and wrote queer fiction under the pen name Hans Alienus during his decades of exile In German Jew Muslim Gay Marc David Baer uses Marcus s life and work to shed new light on a striking range of subjects including German Jewish history and anti-Semitism Islam in Europe Muslim Jewish relations and the history of the gay rights struggle Baer explores how Marcus created a unique synthesis of German gay and Muslim identity that positioned Johann Wolfgang von Goethe as an intellectual and spiritual model Marcus s life offers a new perspective on sexuality and on competing conceptions of gay identity in the multilayered world of interwar and postwar Europe His unconventional story reveals new aspects of the interconnected histories of Jewish and Muslim individuals and communities including Muslim responses to Nazism and Muslim experiences of the Holocaust An intellectual biography of an exceptional yet little known figure German Jew Muslim Gay illuminates the complexities of twentieth century Europe s religious sexual and cultural politics

**Patrons and Viewers in Late Antiquity** Stine Birk,Birte Poulsen,2012-11-23 The monumentality and the often rich embellishment of late antique buildings and monuments emphasises their importance to the patrons that commissioned them However the understanding and interpretation of the message conveyed may often be obtained through the study of the other important agent namely the viewer This book contains a collection of papers that focuses on the way patrons pagan as well as Christian conveyed messages through material and visual culture and on the reception by the viewers The contributions investigate how patrons of luxurious buildings elaborate grave monuments and churches used architecture images and inscriptions to demonstrate political social and religious power The visual arts were a strong factor in communicating identity and attitudes both in the public and private spheres also in Late Antiquity
