Talent All in All Dr. Dragan P. Bogunovic MD,2015-06-30 I never thought about human s talent prior to having the opportunity to read about my granddaughters introduction to orthopedic surgery at Washington University in St Luis I knew I wanted to be a physician since fifth grade Dr Lily Bogunovic Rest is described in toto in my book Word talent has been used in human s conversation

for centuries without any deep meaning as humans talent deserve as a essential part of humans life as for every humans life direction and life purpose to be realized in period depending on the power of given talent as every electrical power that we are not able to see but only to observe it given fruits result What talent is no one can confirm with certainty because no one ever seen talent that is as I said like electrical power that we see not but what we see its light that is result of that invisible power There are many different believe about what talent is and is no argument on my side because I do respect everybody s opinion and believe with assumption that talent is everybody s personal property as I do call gift that is given free but not with free responsibilities that are much expensive Talent is as I intended to present as a power of love that is in the heart that must be born mainly in loving and carrying family where mother has essential importance together with fathers support Born in Family and later dressed or better to say educated in education as a best way for the future of that given gift Talent was dressed in education to be indoctrinated in society by providing adequate place for its activities We must accept that talent is like Duracell batteries with limited lasting that must be utilize in given time I personally worked 50 years as medical doctor to finish in time when I felt that here is no more power in my battery my talent and that I am at present time alone in this world ready to retire My goal is to share my experience with my children that are born with different talent to become and to enter our society ready for their life duty according to given talents DPB **All in God's Time** Deborah Lynne,2009 All in God s Time is a warm novel of a wonderful woman who is fulfilled in her professional life but on a personal level believes that some people are destined to be single and by the looks of things that is God s plan for her After taking some time off between traveling jobs Meagan prays that God will send the next job soon When He does she feels it has to be a mistake It s different so different She s a professional x ray tech not a babysitter Thankfully her sister Shelly helps her see things in a different light Coming to the conclusion this job is sent from God Meagan accepts it and moves to an island off the coast of South Carolina While there she finds herself enjoying things that in the past she didn t care for and new things she wishes could remain hers forever three teenage girls and their father Ryan Richardson who just happens to own the hospital where she works Could this be part of God s plan for her The possibility appears too good to be true Is it too late to find true love and a family of her own Meagan must cling to the promise that everything will work out for the good All in God s Time **American Motherhood** ,1909 **The Badminton Magazine of Sports and Pastimes** ,1908 **Collier's** ,1906 **Sonia Between Two Worlds** Stephen McKenna,1918
