*Value Creation and Branding in Television's Digital Age* Timothy M. Todreas, 1999-08-30 Until recently profit in the television industry went to the owners of the conduit the distributors of content As the industry enters the digital age the distribution bottleneck will disappear and be replaced by the content creators themselves This book explains patterns of profitability from the golden age of television to the emerging digital age Television today is not just 500 channels it is countless millions of hours of programming stored on video servers around the world For media companies wanting to create value in this new era including the major networks digital branding is key Just as consumers manage to make their way in 30 seconds through a 100 foot aisle jammed with hundreds of boxes of cereal by reaching for a box of whatever name brand product they know and love viewers will also navigate through the vast wasteland of content by returning to their favorite digital brand This book provides detailed historical data financial models and informed discussion of profitability trends in the industry It offers a framework for understanding and predicting profitability and describes the nature of branding as it applies to the television industry It shows how a handful of dominant brands will emerge as sought after organizers of content Investors industry consultants and executives policy makers students and academics will all find this book fascinating and informative

*Grown Up Digital: How the Net Generation is Changing Your World* Don Tapscott, 2008-11-16 SELECTED AS A 2008 BEST BUSINESS BOOK OF THE YEAR BY THE ECONOMIST The Net Generation Has Arrived Are you ready for it Chances are you know a person between the ages of 11 and 30 You've seen them doing five things at once texting friends downloading music uploading videos watching a movie on a two inch screen and doing who knows what on Facebook or MySpace They're the first generation to have literally grown up digital and they're part of a global cultural phenomenon that's here to stay The bottom line is this If you understand the Net Generation you will understand the future If you're a Baby Boomer or Gen Xer This is your field guide A fascinating inside look at the Net Generation *Grown Up Digital* is inspired by a 4 million private research study New York Times bestselling author Don Tapscott has surveyed more than 11 000 young people Instead of a bunch of spoiled screenagers with short attention spans and zero social skills he discovered a remarkably

bright community which has developed revolutionary new ways of thinking interacting working and socializing Grown Up Digital reveals How the brain of the Net Generation processes information Seven ways to attract and engage young talent in the workforce Seven guidelines for educators to tap the Net Gen potential Parenting 2.0 There's no place like the new home Citizen Net How young people and the Internet are transforming democracy Today's young people are using technology in ways you could never imagine Instead of passively watching television the Net Geners are actively participating in the distribution of entertainment and information For the first time in history youth are the authorities on something really important And they're changing every aspect of our society from the workplace to the marketplace from the classroom to the living room from the voting booth to the Oval Office The Digital Age is here The Net Generation has arrived Meet the future
