## **Avas Man:**

**Ava's Man** Rick Bragg, 2001 With the same emotional generosity and effortlessly compelling storytelling that made *All Over But the Shoutin* a national bestseller Rick Bragg continues his personal history of the Deep South This time he s writing about his grandfather Charlie Bundrum a man who died before Bragg was born but left an indelible imprint on the people who loved him Drawing on their memories Bragg reconstructs the life of an unlettered roofer who kept food on his family s table through the worst of the Great Depression a moonshiner who drank exactly one pint for every gallon he sold an unregenerate brawler who could sit for hours with a baby in the crook of his arm In telling Charlie s story Bragg conjures up the backwoods hamlets of Georgia and Alabama in the years when the roads were still dirt and real men never cussed in front of ladies A masterly family chronicle and a human portrait so vivid you can smell the cornbread and whiskey **Ava s Man** is unforgettable

Advisory Group for Aerospace Research and Development. Aerospace Medical Panel. Symposium, 1993 Abstract Extreme temperatures both hot and cold can severely restrict the ability of aircrew and support personnel to accomplish their missions Under emergency conditions of bail out ejection and ditching of fixed or rotary wing aircraft on land or in water the survival rate of aircrew and passengers is also affected by the intensity of thermal stress experienced and the duration of exposure to the thermal stress This has all recently been borne out by the experience of intense air operations in the Gulf War This symposium reviewed the operational conditions experienced under extreme hot and cold weather The papers presented at this Symposium highlighted recent advances in thermal physiology
