Body Hunters:

Positive I.D. Kathleen Long, 2008 Seventeen years after he faked his death to keep his family safe from a sadistic criminal agent Will Conner is forced to reunite with his widow when that same criminal kidnaps his teenage daughter *The Body Hunters* Sonia Shah, 2012-03-13 Hailed by John le Carr as an act of courage on the part of its author and singled out for praise by the leading medical journals in the United States and the United Kingdom *The Body Hunters* uncovers the real life story behind le Carr's acclaimed novel *The Constant Gardener* and the feature film based on it A trenchant exposé meticulously researched and packed with documentary evidence Publishers Weekly Sonia Shah's riveting journalistic account shines a much needed spotlight on a disturbing new global trend Drawing on years of original research and reporting in Africa and Asia Shah examines how the multinational pharmaceutical industry in its quest to develop lucrative drugs has begun exporting its clinical research trials to the developing world where ethical oversight is minimal and desperate patients abound As the *New England Journal of Medicine* notes it is critical that those engaged in drug development clinical research and its oversight research ethics and policy know about these stories which tell of an impossible choice being faced by many of the world's poorest patients be experimented upon or die for lack of medicine **The Body Hunters** Raven Newcastle, 2013-11 The exciting third chapter of *The Body Hunters* series *Dirty Secrets Naked Truths* finds Danielle Labouleaux's private detective agency recruited to solve the shocking murder of indicted Wall Street Ponzi artist Alistair Brogan Found shot dead inside his lavish Savannah mansion his spirit now cries out for vengeance With a laundry list of potential suspects from spurned ex-wives to duped investors it will take all their psychic skills to solve the case as new challenges arise to complicate their investigation Working closely with her is Aiden Stone Their fiery chemistry is once again threatening to ignite a myriad of emotions from heated passion to tempestuous jealousy Can they put aside their personal troubles and work together This third entry in *The Body Hunters* series has all of the twists turns and drama you've come to expect from author Raven Newcastle **The Experiment Must Continue** Melissa Graboyes, 2015-11-09 *The Experiment Must Continue* is a beautifully articulated ethnographic history of medical experimentation in East Africa from 1940 through 2014 In it Melissa Graboyes combines her training in public health and in history to treat her subject with the dual sensitivities of a medical ethicist and a fine historian She breathes life into the fascinating histories of research on human subjects elucidating the hopes of the interventionists and the experiences of the putative beneficiaries Historical case studies highlight failed attempts to eliminate tropical diseases while modern examples delve into ongoing malaria and HIV/AIDS research Collectively these show how East Africans have perceived research differently than researchers do and that the active participation of subjects led to the creation of a hybrid ethical form By writing an ethnography of the past and a history of the present Graboyes casts medical experimentation in a new light and makes the resounding case that we must readjust our dominant ideas of consent participation and exploitation With global implications this lively book is as relevant

for scholars as it is for anyone invested in the place of medicine in society The Body Hunters Raven Newcastle,2013-05-07 Still recovering from the nightmare she endured at the hands of a serial killer in Phoenix psychic detective and former FBI consultant Danielle Labouleaux has returned to her southern roots Eager for a fresh start and reeling from psychological trauma she settles in historic Savannah Georgia Not too far behind is former FBI Agent Aiden Stone determined not to let the woman he loves escape him again Soon the two investigators are called upon to solve the shocking murder of Jason Cartwright a young genius and the brain child of a multibillion dollar corporation Jason was the victim of foul play in a yacht explosion off the coast of Hawaii Distraught and desperate for answers Jason s parents hire them to find the prime suspect Jason s new bride Mandy A former stripper turned black widow Mandy has already gotten away with the murder of her first wealthy husband With Mandy on the run it will take all of Danielle and Aiden s skills natural and supernatural to solve the case As the high stakes mystery unravels and secrets are laid bare Danielle and Aiden soon discover that nothing is as harmful as the secrets they keep from each other Undercover Commitment Kathleen Long,2008 Walking away from beautiful Eileen Caldwell had been one of the toughest assignments undercover agent Kyle Landenburg had ever faced Now after a frantic phone call he was back by her side protecting her from a past that had dangerously resurfaced Keeping her safe was his job but even as they dodged bullets keeping his hands to himself was quickly becoming Kyle s greatest challenge yet As a seasoned agent Kyle knew better than to give in to passion when a client s life was on the line But when she reached for him would the temptation prove strong enough to make him cross it
