Simon David Smith, David Antram

Avoid Being Second World War Evacuee:

Evacuee Encounters on the Soviet Home Front During the Second World War Natalie Belsky, 2023-12-19 This study is the first to examine the experiences of the millions of Soviet civilians evacuated to the interior of the country during the Second World War in the context of their encounters and relations with local communities and populations across Soviet Central Asia Kazakhstan Siberia and the Urals The book considers the impact of this episode of massive population displacement across Eurasia on individuals communities and society more broadly It explores how the challenges associated with wartime displacement gave rise to tensions between evacuees and local residents These frictions in turn forced individuals to interrogate the meaning terms and limitations of citizenship and belonging in the Soviet Union Evacuation thus played a critical role in the changing relationship between citizens and the Soviet state in the war and postwar periods Furthermore this study pays particular attention to the plight of Soviet Jewish evacuees who constitute the largest contingent of Holocaust survivors in Europe and the rise of anti-Semitism on the Soviet home front during the war This volume will be of interest to students and scholars of the Second World War migration and displacement the Holocaust Soviet Jewish history and the Soviet experience more broadly *Avoid Being a Second World War Evacuee!* Simon David Smith, David Antram, 2003 It is 1939 and you are a small child living in London For your own safety you must leave the city and head for the countryside However this will be no holiday You must leave your parents and make a journey into the unknown

Bringing Up War-Babies Amanda Jones, 2018-08-06 The figure of the wartime child in the mid twentieth century unsettles and disturbs This book employs a range of material biographical literary and historical to chart some of the surprising and unanticipated crossovers between women's writing and early psychoanalysis in the years of the Second World War and the decades before and after This volume includes examples of children's adventure fiction as well as works written for adult audiences and important and previously unrecognized similarities are noted The war was a disruptive influence in the lives of all who lived through it Although active self-censorship is observed in the behaviour and attitudes of adults at this time this book demonstrates how fictional children are able to articulate feelings such as anxiety and fear that adults were under pressure to conceal or to repress and at times the figure of the wartime child becomes a surrogate for the writer herself or her suppressed fears and anxiety When peace returned this study finds women writers quick to identify and communicate a discomfiting new ambivalence between parents and children *Past Trauma in Late Life* Linda Hunt, Mary Marshall, Cherry Rowlings, 1997 In the professional and practice literature on working with older people little attention has been given to the potential impact of trauma experienced in childhood and early adult life This book looks at the effect of trauma on behaviour which is often mistakenly viewed as part of the pathology of old age The contributors pay particular attention to the impact of the Holocaust and of the war experience of civilians and combatants as well as individual trauma The authors call for sensitivity on the part of professionals and carers to the possibility of early trauma as a causal factor in distress in older

people The book encourages all those providing services to prepare themselves and their clients for a journey through what is often painful territory the material contained in this volume will help both specialist and non specialist practitioners to map a more certain course towards a coherent approach to therapeutic intervention and the care and support of many people still suffering from the consequences of earlier traumatic experiences *I'll Take That One* William B Green,2019-01-29 An autobiography that takes an in depth look at how evacuees were treated in WW2 Shows the chaos of the evacuee system at the start of the war A story which vividly explores the loneliness and fear of being an evacuee The Second World War was a global cataclysm that resulted in the death of more than 60 million people In 1940 at the onset of this grim period in history a young boy begins his own journey one that irrevocably changes the course of his life In this poignant memoir the author shares a rare glimpse into what it was like growing up and living during this era The memoir begins at the outbreak of the Second World War with the Author and his brother along with hundreds of other children being evacuated to the coast His story progresses through a series of events that change his life dramatically as a young boy This is a real life account of fates that become inextricably entwined amidst the clamour of wartime and the transformational odyssey of a young boy growing up during a volatile period Harrowing and inspirational I ll Take That One is a profound read that seamlessly merges history with personal experience and brings down the phenomenon of war into a real and humanized level The story potently captures the Second World War zeitgeist while actively demonstrating the unwavering essence of the human spirit

At the Bright Hem of God Peter J. Conradi,2009 Based on the author s visit in 1965 this unique volume is written as a love letter to the mid Wales county of Radnorshire Within its autobiographical frame this account covers the history and religious life of the area as reflected through its local writers and its adjacent townships from 1176 to the present day Exploring this fascinating location in detail this investigation depicts its rural landscape as remote wild and renowned for shaping the lives of its inhabitants Selecting key moments in its history from the Middle Ages to the 21st century this examination reviews the responses of writers as varied as Thomas Traherne Bruce Chatwin and Jean Jacques Rousseau The result is a unique portrait of the county what it is like to have lived there and to live there still that captures the essence of a hidden part of Wales and Britain Within this intriguing narrative the various landscapes of borders physical emotional and intellectual from the author s own particular racial religious and spiritual identity are analyzed forming a complementary exploration of the human condition **The American-Scandinavian Review** Henry Goddard Leach,1966

American-Scandinavian Review ,1967 **Beware Raiders!** Bernard Edwards,2001 This is the fascinating story of two German surface raiders and the havoc they caused amongst Allied shipping in World War II One was the 8 inch gun cruiser Admiral Hipper fast powerful and Navy manned the other a converted merchant man Hansa Line s Kandelfels armed with a few old 5 9s manned largely by reservists and sailing under the nom de guerre of Pinguin Contrary to all expectations

the amateur man of war reaped a rich harvest and went out in a blaze of glory Her purpose built sister on the other hand was hard pressed even to make her mark on the war and ended her days in ignominy The author emphasizes the striking contrast between the conduct of Ernst Kruder captain of the Pinguin whose concern it was to cause as little loss of life as possible and the callous Captain Meisel of the Admiral Hipper who has scant regard for the lives of the men whose ships he had sunk Captain Edwards describes in detail Kruder s most audacious coup the capture rather than the sinking of the entire Norwegian Antarctic whaling fleet which he calls a disaster of major proportions Equally disastrous was the havoc wreaked upon convoys HG53 and SLS 64 by the Admiral Hipper in the North Atlantic in February 1941 Cambridge Learner's Dictionary English-Polish with CD-ROM Cambridge University Press,2011-05-19 This is a semibilingual Polish version of the Cambridge Learner s Dictionary with definitions in English and Polish translations of the headword for each sense
