

4. Types of Review

a. Walkthrough

A walkthrough is characterized by the author of the document under review guiding the participants through the document and his or her thought processes, to achieve a common understanding and to gather feedback.

b. Technical Review

A technical review is a discussion meeting that focuses on achieving consensus about the technical content of a document.

c. Inspection

Inspection is the most formal review type. The document under inspection is prepared and checked thoroughly by the reviewers before the meeting, comparing the work product with its sources and other referenced documents, and using rules and checklists.
