you're not the only one living day to day with compulsive behaviors. Every year in the United States alone 2.2 million people are affected by obsessive compulsive disorder (OCD), the mental disorder responsible for such compulsive behaviors stemming from repetitive thoughts. In actuality, we all have some varying degree of compulsion, ranging from usually minor to rarely the most extreme. It is often a response to dealing with stress, anxiety, depression, phobia, and other human emotions in either easing a pain or reaping a pleasure to override the pain. The problem, however, surfaces if compulsion gets to the point of obsessive behaviors where they regularly and negatively make life a nuisance to you or those around you, causing you to feel ostracized and further isolated. These obsessive behaviors include, but are not limited to, constantly washing your hands due to contamination concern, checking locked doors with anxiety of break-ins, and needing things to be arranged in a specific orderliness. Those obsessions are not uncommon to OCD sufferers. Luckily, there is hope for anybody who wants to overcome their obsessive compulsive behaviors. **Bulletproof Mentality for Anti Compulsion** will help you with **How to manage OCD around things and people you come in contact with daily**, **How to remove OCD triggers responsible for offsetting your compulsions**, **How to substitute compulsive behaviors for beneficial alternative ones**, **How to divert unwanted intrusive thoughts from entering your mind**, **How to reduce the symptoms arising from uncontrollable impulses**, including many more. Even though OCD may not seem fully curable according to conventional medicine, that doesn't mean those who have it must struggle and suffer with it. With **Anti Compulsion**, any compulsion you may have will become far manageable and can even be eliminated. It's time to gain back full control of a normal life.
