Yorktown Linda G. Cooper, Adele Hobby, John Tegeder, Susan Hack-Lane, 2008 Yorktown is one of the northernmost towns in Westchester County This volume of vintage postcards draws from a time when the railroad was a predominant fixture in the community and travelers flocked to summer hotels and lakeside bungalow colonies Often thought of as ephemera something to be used and thrown away postcard images have proven over time to be a valuable document of a time and place For those who were visitors and those who received postcards these striking images capture the past in terms of Yorktowns architecture entertainment commerce and community

Family Wealth James E. Hughes, Jr., 2010-05-25 The landmark book that changed the way exceptional families think about their heritage their wealth and their legacy to future generations now revised and expanded Every family looking at the next generation hopes to confer advantages that are more than just material and financial to inculcate character and leadership to inspire creativity and enterprise to help all family members find and follow their individual callings and to avoid the financial dependency and loss of initiative that can all too often be an unwanted consequence of financial success Yet many families never succeed in realizing that vision much less sustaining it for three four or five generations and beyond James Hughes has thought deeply about these challenges and his insights are at once practical and profound For more than three decades he has personally guided multiple generations of families in creating strategies to preserve their human and intellectual capital as well as their financial assets His teachings synthesize insights from psychology anthropology political history philosophy economic theory and the law with examples ranging from Aristotle to cutting edge social science theory His ideas have been taken up by numerous exceptional families by their advisers and by scores of authors practitioners and academics who have found value in the methods he pioneered The first edition of this book privately published became a word of mouth classic Now Hughes has updated and substantially expanded it with new chapters that challenge conventional notions of wealth and offer guidelines for conserving family assets in the broadest senses Filled with tested principles and practices for family governance and joint decision making it is a rich source of workable wisdom that family members can put into practice today to the enduring benefit and gratitude of future generations

Nature Spirits of the Trees Verena Stael von Holstein, 2019-12-11 People often ask us about the best way to come close to nature and the beings enchanted within it One way to do so is through wonder and astonishment to open our senses fully to nature s beauty and wisdom And here we can encounter entities that most closely resemble human beings the trees Verena has learned to communicate with elemental and nature beings and to translate their language into terms we can understand In her remarkable book *Nature Spirits and What They Say* she conversed with a range of beings including spirits of fire air water and stone In this new volume we hear from trees the nature spirits that in many ways are most similar to human beings Through Verena s remarkable clairvoyant abilities conversations with different tree species such as sweet cherry rowan elm and common oak are relayed These communications reveal compelling insights into the role of trees within the natural world and their relationships with the vegetable animal human and spirit kingdoms Particular emphasis is placed on the characteristics of trees that correspond with qualities of the human soul such as the oak s connection to individualism The tree spirits want to speak and are responsive all kinds of questions such as their roles in the landscape their specific shapes on problems that affect them in particular and on urgent issues that are relevant to all beings on earth such as climate change The interviews disclose beautiful fascinating and often challenging insights offering inspiration to help us build more constructive relationships to these wonderful entities
