Actionscript Zero To Hero:

ActionScript Zero to Hero Jen deHaan,Glen Rhodes,2003-07-08 If you've dabbled with Flash and want to expand your repertoire this book will teach you what you need to know about ActionScript in a fast paced tutorial style The ActionScript language is becoming an increasingly vital part of every Flash designer's toolkit but it can seem like a scary prospect for the non programmer We'll show you how easy it is to create interesting interactive movies in Flash MX through visual metaphors and worked examples The aim is to get you up to speed quickly giving you the skills you need to add extra functionality and control to your Flash movies By the time you're finished you should have a good grasp of the core ActionScript concepts and techniques and plenty of ideas for your own projects No previous programming experience is required just a familiarity with the Flash MX interface and even the most code phobic reader should find the learning curve to be smooth and easy

Windows Movie Maker 2 Zero to Hero John Buechler,Jon Bounds,Jennifer Dehaan,2003-08-07 You've seen the promises in the advertising Microsoft's free Movie Maker 2 will make it simple to capture edit and share your home movies We agree but how do you know where to start or where you're going The answer is Windows Movie Maker 2 Zero to Hero which will take you from filming your movie with useful tips to improve the quality through editing and adding effects to premiering your masterpiece to your friends and family Zero to Hero is more than a catchy slogan and an opportunity for puns and graphical representations of tights capes and phone booths It's a style of learning designed by friends of ED to reach beyond dry technical explanations and dusty old authors who don't know how it is for real users and wouldn't know good design if it slapped them round the face with a wet fish With a Zero to Hero book you can choose how you learn You can choose to learn everything you need to know about Windows Movie Maker 2 by working through the first section of the book from start to finish Alternatively you can dive straight in to the inspirational Hero chapters and refer back as and when you need Then later when you're a hero yourself the book is easily used as a reference tool When you're done you'll be ready to wear your underwear on the outside metaphorically speaking of course

[Flash Application Design Solutions](#) Nick Cheung,Craig Bryant,2006-11-22 Flash Application Design Solutions shows you how to harness the power of ActionScript 2.0 and make the most of the improved design tools of Flash 8 to create usable intuitive Flash interfaces In this book you'll find a number of concrete Flash usability solutions that use elements such as navigation menus data filtering forms content loaders Flash liquid layouts help tips and many other features You'll learn how each of these solutions actually improves on what is possible with HTML and JavaScript In each case you'll see how users interact with the website feature and how it gives users the most intuitive enjoyable experience possible while using your application You'll get a step by step analysis of how to program and build each solution and how to make it scalable maintainable and reusable The book concludes with a case study that showcases the solutions developed in the previous chapters all working together in a single application This example puts all the pieces together and highlights just how with some thought and consideration Flash can improve usability on the Web This
