The bottom half shows a large crowd of people, possibly at a waterfront or a public square, with many individuals holding up their phones to take pictures. Act Of Terror:

Encyclopedia of Terrorism, Third Edition Cindy Combs, Martin Slann, 2021-08-01 The ongoing conflicts in the Middle East and the bombings overseas have shown that despite the War on Terror terrorism is still very much a part of daily life for many individuals. *Encyclopedia of Terrorism Third Edition* provides students, researchers, journalists, and policymakers with a complete survey of what seems to be an intractable problem. More than 330 entries organized in an easily accessible A to Z format offer comprehensive treatments of the events, people, organizations, and places that have played a major role in international terrorism. Each entry is placed within its appropriate historical context to help readers understand the wide-ranging motivations behind terrorist actions. New and updated entries include Islamic State mass shootings, narco terrorism, Paris attacks, Pulse nightclub terrorist attack, right wing terrorism, San Bernardino attacks, school site analysis, siege of the U.S. Capitol, Special Projects Team, Special Air Service SAS, state sponsored terrorism, white supremacist groups.

Encyclopedia of Terrorism, Revised Edition Cindy C. Combs, Martin W. Slann, 2007 Presents a reference guide to terrorism throughout the world including history, terrorist groups, and notorious acts of terrorism. **The War on Terror and the Caribbean** Emanuel Quashie, 2025-05-05 This book offers a multifaceted understanding of how the 9/11 attacks and the subsequent War on Terror affected the Caribbean. This book dives deeper into how the 9/11 attacks and the subsequent War on Terror impacted the region's tourism industry, anti-terrorism legislation, and the banking, financial, and immigration system. This book analyzes the US-led War on Terror through a broader conceptual lens, i.e. using two Schmittian perspectives: the friend-enemy and the sovereign in times of exception, which offers an opportunity for the methodological interpretation of Bush's counterterrorism policy to give a novel conceptual understanding of the War on Terror in relation to the Caribbean. Thus, this book offers a nuanced and novel perspective on the subject matter. This book will be of much interest to students studying about terrorism, Caribbean studies, political theory, and international relations. **Global Perspectives on the Psychology of Terrorism** Chitadze, Nika, 2022-09-16 The constant threat of terror leads to the destabilization of the political, economic, and social situation in the state. Lack of confidence in personal safety contributes to the growth of anxiety, fears, and mental stress, which negatively affects psychological health, leading to the development of various psychosomatic disorders among the population. *Global Perspectives on the Psychology of Terrorism* discusses the psychological aspects of terrorism, including the determination of the main types of terrorism and the psychological characteristics of terrorists and terrorist groups. It further speaks on the negative impact of terrorism on the mass consciousness, as well as the ways to deal with stress in people exposed to the impact of terrorist attacks, features of human behavior in extreme situations, and methods of psychological support in times of crisis.
