## **Beatrice Chancy:**

*Beatrice Chancy* George Elliott Clarke, 1999 *Beatrice Chancy* is set in 1801 in the Annapolis Valley of Nova Scotia. Beatrice is the daughter of a black slave who was raped by her white master. Raised in the master's house, Beatrice is beautiful, clever, kind, and cultured. Her father's prize possession, her declaration of love for a slave, sparks tension that culminates in a monstrous act: the rape of Beatrice by her own father. From here, violence begets violence until her father is killed and Beatrice is hanged for his death. The passion and sorrow of *Beatrice Chancy's* story are matched only by the brilliance of the language used to express it. For booksellers uncertain about shelving this with plays or poetry, neither is apt. *Beatrice Chancy* is a singular creative work that should be shelved under tour de force or must read. Quill Quire Starred Review. [No Mother, No Future](#) Kailin Wright, 2026-02-20 *No Mother, No Future* investigates how theatre and performance use pregnancy loss to represent a lost future. Spanning the twentieth and twenty-first centuries, this book analyzes performances that challenge dominant cultural scripts linking motherhood with futurity and nationhood in Canada and the United States. Combining intersectional feminism with theories of reproductive justice and reproductive futurity, this work interrogates how pregnancy loss, especially when experienced by those excluded from white heteronormative ideals of motherhood, is often portrayed as a societal failure. It examines reproductive loss not only as a dramatic device but also as a political reality shaped by systemic violence, including slavery, forced sterilization, and child welfare policies that disproportionately target Indigenous and Black communities. Through in-depth analyses and original interviews with playwrights, directors, and actors, this volume offers a critical framework for understanding how performance stages reproductive loss as a site of resistance. As the first book-length study of motherhood and reproduction in Canadian theatre, it is essential reading for scholars and students in theatre performance studies, feminist theory, cultural studies, and reproductive justice. *Postfeminist Gothic* B. Brabon, S. Genz, 2007-01-31 This book explores new critical ground by addressing the intersection of two contentious concepts: postfeminism and Gothic. This collection of original and exciting essays examines a number of Gothic texts from Anne Radcliffe's romances to modern horror films in conjunction with diverse postfeminist theories from backlash to postmodern feminism. *On the Other Side(s) of 150* Linda M. Morra, Sarah Henzi, 2021-05-20 *On the Other Side(s) of 150* explores the different literary, historical, and cultural legacies of Canada's sesquicentennial celebrations. It asks vital questions about the ways that histories and stories have been suppressed and invites consideration about what happens once a commemorative moment has passed. Like a Cubist painting, this modality offers a critical strategy by which also to approach the volume as dismantling, reassembling, and re-enacting existing commemorative tropes, as offering multiple conditional and contingent viewpoints that unfold over time and as generating a broader, although far from being comprehensive, range of counter-memorial performances. The chapters in this volume are thus provisional, interconnected, and adaptive; they offer critical assemblages by which to approach commemorative narratives.

or showcase lacunae therein by which to return to and intervene in ongoing readings of the past from the present moment and by which not necessarily to resolve but rather to understand the troubled and troubling narratives of the present moment Contributors propose that these preoccupations are not a means of turning away from present concerns but rather a means of grappling with how the past informs or is shaped to inform them and how such concerns are defined by immediate social contexts and networks
