Asian Values Human Rights:

Human Rights and Asian Values Ole Bruun, Michael Jacobsen, 2000 The Asian challenge to the universality of human rights has caused intense debate Here is a clear stand for universal rights theoretically and empirically through an analysis of social and political processes in Asia Asian values are linked to the struggle between authoritarian and democratic forces which both tend to convey stereotyped images of the West but with reversed meanings Human Rights in Asia D. Kingsbury, 2008-09-29 This book offers a critical reassessment of the Asian values debate which dominated the human rights discourse in the late 1990s and a reappraisal of the human rights situation in Asia since then The chapters in this book contextualize the debate and examine in what ways the issues raised then continue to trouble Asian societies **Human Rights and Asian Values** Michael Jacobsen, Ole Bruun, 2000 **Human Rights and Asian Values** Eva Pfössl, 2008 The East Asian Challenge for Human Rights Joanne R. Bauer, Daniel A. Bell, 1999-02-13 The East Asian Challenge for Human Rights shows that critical intellectuals in East Asia have begun to chart a middle ground between the extremes of the international debate on human rights making particular headway in the areas of group rights and economic social and cultural ethnic minority rights The chapters form a collective intellectual inquiry into the following areas critical perspectives on the Asian values debate theoretical proposals for an improved international human rights regime with greater input from East Asians the resources within East Asian cultural traditions that can help promote human rights and key human rights issues facing East Asia as a result of rapid economic growth in the region Asian Values and Human Rights William Theodore De Bary, 2000 *Democracy, Asian Values, and Hong Kong* Bob Beatty, 2003-08-30 On July 1 1997 China took control over Hong Kong where Britain had begun a process of introducing democracy Beatty examines the process of democratization in Hong Kong with the argument that democratic development will continue despite being under Chinese rule Through a series of 128 interviews with 89 Hong Kong elites from 1997 2002 including legislators and party leaders as well as participant and direct observation of 15 campaigns for the Legislative Council in 1998 Beatty analyzed political leaders beliefs and commitment towards democratic development and institutions and put them into the context of the post handover environment Evidence from the interviews is used to test the proposition that adherence to Asian values undermines democracy and Beatty probed Hong Kong elites about their beliefs regarding the rule of law freedom of the press civil liberties and the possible trade offs between economic development and democratization A major finding from the in depth interviews is that while Hong Kong political elites reject the Singapore model and the Asian Values argument many do believe in trade offs between economic development and democratization Beatty also offers sharp insight into the thinking of Hong Kong political elites and transcends the particular politics of Hong Kong and delves in the broader subject of elite beliefs and attitudes An important analysis for scholars students and other researchers involved with China Hong Kong Asian politics and political values and political development in general Asian Values and Human Rights William Theodore De

Bary, Wm. Theodore de Bary, 2000-03-01 Since the horrific Tiananmen Square massacre in 1989 the debate on human rights in China has raged on with increasing volume and shifting context but little real progress In this provocative book one of our most learned scholars of China moves beyond the political shouting match informing and contextualizing this debate from a Confucian and a historical perspective Asian Values is a concept advanced by some authoritarian regimes to differentiate an Asian model of development supposedly based on Confucianism from a Western model identified with individualism liberal democracy and human rights Highlighting the philosophical development of Confucianism as well as the Chinese historical experience with community organization constitutionalism education and women's rights Wm Theodore de Bary argues that while the Confucian sense of personhood differs in some respects from Western libertarian concepts of the individual it is not incompatible with human rights but could rather enhance them De Bary also demonstrates that Confucian communitarianism has historically resisted state domination and that human rights in China could be furthered by a genuine Confucian communitarianism that incorporates elements of Western civil society With clarity and elegance Asian Values and Human Rights broadens our perspective on the Chinese human rights debate [Human Rights and Real Cultures](#) Michael

Freeman, Marie-Bénédicte Dembour, 1998 **Proceedings of the 4th International Conference on Social Sciences and Law (ICSSL 2024)** Galih W. Pradana, Deby F. Eprilianto, Dita Perwitasari, Riyadi Riyadi, Moh. Mudzakkir, Suci

Saunders, 2013-06-26 The Routledge Handbook of Constitutional Law is an advanced level reference work which surveys the current state of constitutional law Featuring new specially commissioned papers by a range of leading scholars from around the world it offers a comprehensive overview of the field as well as identifying promising avenues for future research The book presents the key issues in constitutional law thematically allowing for a truly comparative approach to the subject It

also pays particular attention to constitutional design identifying and evaluating various solutions to the challenges involved in constitutional architecture The book is split into four parts for ease of reference Part One General issues sets issues of constitutional law firmly in context including topics such as the making of constitutions the impact of religion and culture on constitutions and the relationship between international law and domestic constitutions Part Two Structures presents different approaches in regard to institutions or state organization and structural concepts such as emergency powers and electoral systems Part Three Rights covers the key rights often enshrined in constitutions Part Four New Challenges explores issues of importance such as migration and refugees sovereignty under pressure from globalization Supranational Organizations and their role in creating post conflict constitutions and new technological challenges Providing up to date and authoritative articles covering all the key aspects of constitutional law this reference work is essential reading for advanced students scholars and practitioners in the field

Dictionary Of Atheism Skepticism & Humanism Bill Cooke,2009-12-30 In the tradition of Voltaire s Philosophical Dictionary Ambrose Bierce s Devil s Dictionary and Joseph McCabe s Rationalist Encyclopedia this accessible dictionary addresses the contemporary need for a reference book that succinctly summarizes the key concepts current terminology and major contributions of influential thinkers broadly associated with atheism skepticism and humanism In the preface author Bill Cooke notes that his work is intended for freethinkers in the broadest sense of the word people who like to think for themselves and not according to the preplanned routes set by others This dictionary will serve as a guide for all those people striving to lead fulfilling morally responsible lives without religious belief Readers are offered a wide range of concepts from ancient well known notions such as God free will and evil to new concepts such as eupraxsophy Also included are current buzzwords that have some bearing on the freethought worldview such as metrosexual The names of many people whose lives or work reflect freethought principles form a major portion of the entries Finally a humanist calendar is included on which events of interest to freethinkers are noted This unique accessible and highly informative work will be a welcome addition to the libraries of open minded people of all philosophic persuasions

Human Rights and Asian Values Amartya Kumar Sen,2003 Cultures and Globalization Helmut K

Anheier,Yudhishtir Raj Isar,2007-04-13 In the age of globalization we are no longer home alone Migration brings other worlds into our own just as the global reach of the media transmits our world into the hearts and minds of others Often incommensurate values are crammed together in the same public square Increasingly we all today live in the kind of edge cultures we used to see only on the frontiers of civilizations in places like Hong Kong or Istanbul The resulting frictions and fusions are shaping the soul of the coming world order I can think of no other project with the ambitious scope of defining this emergent reality than The Cultures and Globalization project I can think of no more capable minds than Raj Isar and Helmut Anheier who can pull it off Nathan Gardels Editor in Chief NPQ Global Services Los Angeles Times Syndicate Tribune Media This series represents an innovative approach to the central issues of globalization that phenomenon of such

undefined contours Lupwishi Mbuyumba Director of the Observatory of Cultural Policies in Africa The world's cultures and their forms of creation presentation and preservation are deeply affected by globalization in ways that are inadequately documented and understood The Cultures and Globalization Series is designed to fill this void in our knowledge Analyzing the relationship between globalization and cultures is the aim of the Series In each volume leading experts as well as young scholars will track cultural trends connected to globalization throughout the world covering issues ranging from the role of cultural difference in politics and governance to the evolution of the cultural economy and the changing patterns of creativity and artistic expression Each volume will also include an innovative presentation of newly developed indicator suites on cultures and globalization that will be presented in a user friendly form with a high graphics content to facilitate accessibility and understanding Like so many phenomena linked to globalization conflicts over and within the cultural realms crystallize great anxieties and illusions through misplaced assumptions inadequate concepts unwarranted simplifications and instrumental readings The aim here is to marshal evidence from different disciplines and perspectives about the culture conflict and globalization relationships in conceptually sensitive ways

Encyclopedia of Political Theory Mark Bevir, 2010-03-18 How do we arrange our collective affairs Why do we live together in the ways we do How ought we to live together All humans think about the world they live in its history and future and the ideals by which they want to live in relation to others How we think today decisively influences the world of tomorrow This encyclopedia attempts to bring greater clarity and understanding to political debate Drawing together a team of international scholars the Encyclopedia of Political Theory examines the ideas of the major political theorists from before Plato to our own times the main schools of political thought the concepts and issues that have captured the imagination and attention of political theorists and some of the main institutions and practices inspired by political thought With more than 450 entries these three volumes provide a quick one stop source to key topics in the field

Key Features Examines the global landscape of all the key theories and the theorists behind them Includes specific lists of entries that deal with constitutional thought and democratic thought Refers to distinctive norms and features of various governments legal systems and societies Devotes large parts to the history of ideas about government ethics and society Provides a chronology of political theory to help readers see how a given theorist school or issue fits into the bigger historical picture

Key Themes Ancient Thought Applied Ethics Biographies Comparative Theory Constitutional Thought Critical Theory Democratic Thought Early Modern Thought International Theory Justice Liberal Theory Medieval Thought Modern Theory Power and Authority Religious Thought Self and Community This work is designed to serve as a reference source for anyone interested in the roots of contemporary political theory It will be a welcome addition to any academic or public library

[Asian Values in Journalism](#) ,1996

Human Rights in Asia Randall Peerenboom, Carole J. Petersen, Albert H.Y. Chen, 2006-09-27 Human Rights in Asia considers how human rights are viewed and implemented in Asia It covers not just civil and political rights but also social economic and cultural rights This study

discusses the problems arising from the fact that ideas of human rights have evolved in Western liberal democracies and examines how far such values are compatible with Asian values and applicable in Asian contexts Core chapters on France and the USA provide a benchmark on how human rights have emerged and how they are applied and implemented in a civil law and a common law jurisdiction These are then followed by twelve chapters on the major countries of East Asia plus India each of which follows a common template to consider the context of the legal system in each country black letter law legal discussions and debates and key current issues concerning human rights in each jurisdiction

Dealing with Human Rights Martha Meijer, 2001 Adopted by the United Nations more than 50 years ago the practical application of the Universal Declaration of Human Rights remains far from complete Human rights violations continue while politicians engage in heated debates about the definition of human rights and their universal applicability *Dealing with Human Rights* features stimulating essays by four Asian and four European authors reflecting different cultural perspectives on enforcing human rights in international relations This book is an important contribution to the debate on human rights and focuses on an area of the world where the issues have been contended most strongly Book jacket

A Question of Priorities Xiaorong Li, University of Maryland, College Park. Institute for Philosophy and Public Policy, 1999

World Politics Jeffrey Haynes, Peter Hough, Bruce Pilbeam, 2023-04-05 How can we better resolve issues like climate change or global pandemics When is resolution of armed conflict achievable What impact does culture religion or identity have on world events Today's world politics is complex contested and changing fast Sovereign states big data international institutions world leaders large companies and citizens all have vested interests in the most momentous issues facing us Whether it's economic crisis global health nuclear deterrence or war this text is the ideal guide to understanding the most critical issues of today and the competing ways to interpret them Extensively revised the third edition takes you through the key events and changes in world politics from the 1500s showing how historical events and developments are essential for understanding world politics today Packed with examples from around the world the book introduces the reader to different theories concepts issues and actors in world politics Covering all the essential topics from international law and political economy to critical theory and security studies this new edition includes 3 brand new chapters on Foreign Policy Analysis Race and Identity and Global Health Fully revised historical chapters for a comprehensive historical perspective An expanded range of topics cases and cutting edge research to fully reflect the latest empirical and theoretical developments Its unparalleled breadth and clarity make it the perfect introductory text for all undergraduate students of International Relations and Global Politics Jeffrey Haynes is an emeritus professor of politics at London Metropolitan University Peter Hough is an Associate Professor in International Politics at Middlesex University London Bruce Pilbeam is a Senior Lecturer in Politics and International Relations at London Metropolitan University
