edition covers the latest competencies and topics in today's medical assisting practice including emergency preparedness and the updated fecal occult blood testing procedure. The Evolve companion website includes videos of 84 procedures described in the book, preparing you to become a competent clinical medical assistant. Over 120 procedures are presented in a clear, illustrated, step-by-step format with online videos showing 84 of the procedures in action. Chapter outlines and learning objectives prepare you for the skills and concepts you will be learning. What Would You Do? What Would You Not Do? case studies challenge you to apply your knowledge to realistic medical office situations with a practitioner's response at the end of chapters. Putting It All Into Practice and Memories from Practicum boxes feature real medical assistants sharing personal on-the-job experiences. Key Terms and Terminology Review help you master medical assisting terminology. Charting examples help you understand the process for charting your own procedures. Patient Teaching boxes prepare you for effective communication with detailed instructions on how to answer questions and how to explain medical concepts and procedures. Student resources on the Evolve companion website offer a fun way to practice your medical assisting knowledge with animations, games such as Quiz Show and Road to Recovery, drag-and-drop exercises, Apply Your Knowledge exercises, matching exercises, and other interactive activities: blood pressure readings, determining height and weight, drawing up medication, as well as all video procedures and practicum activities. UPDATED fecal occult blood testing procedure includes new video demonstrating this procedure. UPDATED examples of medical assistants using an EHR are demonstrated in the video procedures showing the use of electronic charting. Updated venipuncture photos show how to perform venipuncture. UPDATED content also includes topics such as the medical record including HIPAA, electronic medical records, and advanced directives, emergency preparedness, the use of computer technology, medical asepsis, AIDS, latex glove allergies, vital signs including temporal artery, thermometer, pulse oximetry, and the significance of pulse pressure, pediatrics including immunization information and IM injection theory, the colonoscopy, IV therapy, and the latest CLIA waived tests. All 84 procedure videos are now available on the Evolve companion website for convenient viewing.
