Modern Technology Of Oils, Fats & Its Derivatives (2nd Revised Edition) NIIR Board, 2013-02-05
Until recently fats and oils have been in surplus and considered a relatively low value byproduct Only recently have energy uses of fats and oils begun to be economically viable Food value of fats and oils is still far above the energy value of fats and oils Industrial and technical value of fats and oils is still above the energy value of fats and oils Animal feeds value of fats and

oils tends to remain below the energy value of fats and oils With development of new technology oils and fats industry has undergone a number of changes and challenges that have prompted the development of new technologies and processing techniques Oils and fats constitute one of the major classes of food products In fact oils and fats are almost omnipresent in food processing whether naturally occurring in foods or added as ingredients for functional benefits and despite the impression given by several sources to the contrary they remain an essential part of the human diet However it is increasingly apparent that both the quantity and the quality of the fat consumed are vital to achieve a balanced diet They are essential constituents of all forms of plant and animal life Oils and fats occur naturally in many of our foods such as dairy products meats poultry and vegetable oil seeds India is the biggest supplier of greater variety of vegetable oil and still the resources are abundant The applications of oils are also seen in paints varnishes and related products Since the use of oils and fats in our daily life is very noticeable the market demands of these products are splendid Special efforts has been made to include all the valuable information about the oils fats and its derivatives which integrates all aspects of food oils and fats from chemistry to food processing to nutrition The book includes sources utilization and classification of oil and fats followed by the next chapter that contain details in physical properties of fat and fatty acids Exquisite reactions of fat and fatty acids are also included in the later chapter It also focuses majorly in fractionation of fat and fatty acids solidification homogenization and emulsification extraction of fats and oils from the various sources detail application in paints varnishes and related products is also included It also provides accessible concentrated information on the composition properties and uses of the oils derived as the major product followed by modifications of these oils that are commercially available by means of refining bleaching and deodorization unit with detailed manufacturing process flow diagram and other related information of important oils fats and their derivatives Special content on machinery equipment photographs along with supplier details has also been included We hope that this book turns out to be considerate to all the entrepreneurs technocrats food technologists and others linked with this industry TAGS Best small and cottage scale industries Business consultancy Business consultant Business guidance for oils and fats production Business guidance to clients Business Plan for a Startup Business Business start up Chemistry and Technology of Oils Fats Chemistry of Oils and Fats Classification of oils and fats Complete Fats and Oils Book Extraction of fats and oils Extraction of Olive Oil Extraction of Palm Oil Fat and oil processing Fats and oils Based Profitable Projects Fats and oils Based Small Scale Industries Projects Fats and oils food production Fats and Oils Handbook Fats and Oils Industry Overview Fats and oils making machine factory Fats and oils Making Small Business Manufacturing Fats and oils Processing Industry in India Fats and oils Processing Projects Fats and oils production Business Fatty acid derivatives and their use Fatty acid production Fatty Acids and their Derivatives Fractionation of fats and fatty acids Great Opportunity for Startup How cooking oil is made How to Manufacture Oils Fats and Its Derivatives How to Start a Fats and oils Production Business How to Start a Fats and oils How to start a successful Fats and oils business How to
