Driving Forces In History:

Driving Forces in History Halvdan Koht,1959 **Driving Forces in History** Everett Mendelsohn,1964 *Driving Forces in History* Halvdan Koht,1964 Web History Niels Brügger,2010 This is the first edited volume to put the emerging field of web history on the agenda of internet research Sixteen original chapters investigate how the use of the web has developed in the realm of web culture at large as well as how the organization of web industries and old media institutions on the web have changed A number of fundamental theoretical and methodological questions related to doing web history are also examined The collection aims to explore some of the possible ways of approaching the web of the past based on the assumption that the past is not only important for historical purposes but because it must be taken into consideration in order to fully understand the web of the present and the web of the future The book includes a foreword by Charles Ess and contributions from Kirsten Foot Steven Schneider Alexander Halavais Ken Hillis and more *Contemporary Studies on Modern Chinese History II* Zeng Yeying,2020-10-29 The study of modern Chinese history has developed rapidly in recent decades and has seen increased exploration of new topics and innovative approaches Resulting from a special issue of *Modern Chinese History Studies* this volume is devoted to showcasing the healthy development of Chinese modern history studies and has already been revised twice in the original language This volume exhibits major achievements on the study of modern Chinese history and shows how the role of history was in debate transformation and re evaluation throughout this tortuous yet prosperous period Articles on seven different topics are collected from over ten prominent historians in order to represent their insights on the developmental paths of Chinese historical studies Drawing on a large number of case studies of critical historical events such as imperial China and the Chinese Workers Movement this volume sets out to explore topics such as the history of Sino foreign relations as well as the history of workers movements and youth movements This book will be a valuable reference for scholars and students of Chinese history **The Dynamics of Change in Modern World Politics** Jean Kachiga,2018-04-04 In modern world politics there exists a dynamic of change and an observable pattern of phenomena These phenomena consist of driving forces of new paradigms that their exigencies induce of new epochs that such exigencies provoke of adjustments made by states who may be initiators new comers late comers or inactive and of shifts in the hierarchy of world powers that the differentiated rate of their adjustment success produces causing what power shift theory refers to as hegemonic transition This book examines the conditions under which such change occurs the recurrence of such change in various epochs of the modern era and the pattern that such recurrence displays in order to explain the recurrent shift in the hierarchy of wealth status and power among peer states Microbial Life History Steven A. Frank,2022-08-16 A powerful framework for understanding how natural selection shapes adaptation and biological design Design and diversity are the two great challenges in the study of life *Microbial Life History* draws on the latest advances in microbiology to describe the fundamental forces of biological design and apply these evolutionary processes to a broad

diversity of traits in microbial metabolism and biochemistry Emphasizing how to formulate and test hypotheses of adaptation Steven Frank provides a new foundation for exploring the evolutionary forces of design He discusses the economic principles of marginal valuations trade offs and payoffs in risky and random environments the social aspects of conflict and cooperation the demographic aspects of age and spatial heterogeneity and the engineering control theory principles by which systems adjust to environments Frank then applies these evolutionary principles to the biochemistry of microbial metabolism providing the first comprehensive link between the forces that shape biological design and cellular energetics Tracing how natural selection sculpts metabolism *Microbial Life History* provides new perspectives on the life histories of organisms from growth rate and survival to dispersal and defense against attack Along the way this incisive book addresses the conceptual and philosophical challenges confronting evolutionary biologists and other practitioners who study biological design and seek to apply its lessons World History, 1815-1920 Eduard Fueter,1922 *The New Larned History for Ready Reference, Reading and Research* Josephus Nelson Larned,1924 **History in Uniform** Katharine E. McGregor,2007 Under the New Order regime 1967-98 the Indonesian military sought to monopolise the production of official history and control its contents The goal was to validate the political role of the armed forces condemn communism and promote military values A detailed examination of the Indonesian military's image making under Suharto **Education Outcomes Unique in the Teaching of Ancient History ...** Henry Germanus Maeder,1927 **The History of North America** Guy Carleton Lee,Francis Newton Thorpe,1905 History of Woman Suffrage: 1900-1920 Elizabeth Cady Stanton,Susan Brownell Anthony,Matilda Joselyn Gage,Ida Husted Harper,1922 **The Outline of History: The Great Mongol Empires of the land ways and the new empires of the sea ways ; The age of the great powers ; The next stage in history** Herbert George Wells,1920 The Social Interpretation of History Maurice William,1920 **A History of the Great War** John Buchan,1923 *Studies in the Social Sciences and History* University of Wisconsin,1918 *Current History* ,1927 **Driving forces in history [Drivmakter i historia, engl.] Transl. from the Norweg. by Einar Haugen** Halvdan Koht,Einar Ingvald Haugen,1964 University of Wisconsin Studies in the Social Sciences and History ,1918
