Aspects Of Verdi

Ann Shands Morgan

Aspects Of Verdi:

Aspects of Verdi George Whitney Martin,2004-08 This collection of original essays ranges widely among the composer's interests and achievements from his religious views to his skill as a cook from the politics that galvanized him to the poetry that inspired him from his earliest compositions to his final masterwork Falstaff completed at the age of 80 Drawing on original research and scholarship this book also contains two of Verdi's early works never before published in this form a translated collection of his letters also heretofore unpublished the text of the Requiem with indications of Verdi's emphases and a directory of his operas with sources casts theatres and premiere dates

Aspects of Verdi George Whitney Martin,1993 This collection of original essays ranges widely among the composer's interests and achievements from his religious views to his skill as a cook from the politics that galvanized him to the poetry that inspired him from his earliest compositions to his final masterwork Falstaff completed at the age of 80 Drawing on original research and scholarship this book also contains two of Verdi's early works never before published in this form a translated collection of his letters also heretofore unpublished the text of the Requiem with indications of Verdi's emphases and a directory of his operas with sources casts theatres and premiere dates

Aspects of Verdi George Martin,1989-01-01 **The Operas of Giuseppe Verdi** Abramo Basevi,2013-12-26 Abramo Basevi published his study of Verdi's operas in Florence in 1859 in the middle of the composer's career The first thorough systematic examination of Verdi's operas it covered the twenty works produced between 1842 and 1857 from Nabucco and Macbeth to Il trovatore La traviata and Aroldo But while Basevi's work is still widely cited and discussed and nowhere more so than in the English speaking world no translation of the entire volume has previously been available The Operas of Giuseppe Verdi fills this gap at the same time providing an invaluable critical apparatus and commentary on Basevi's work As a contemporary of Verdi and a trained musician erudite scholar and critic conversant with current and past operatic repertoires Basevi presented pointed discussion of the operas and their historical context offering today's readers a unique window into many aspects of operatic culture and culture in general in Verdi's Italy He wrote with precision on formal aspects use of melody and orchestration and other compositional features which made his study an acknowledged model for the growing field of music criticism Carefully annotated and with an engaging introduction and detailed glossary by editor Stefano Castelvechi this translation illuminates Basevi's musical and historical references as well as aspects of his language that remain difficult to grasp even for Italian readers Making Basevi's important contribution to our understanding of Verdi and his operas available to a broad audience for the first time The Operas of Giuseppe Verdi will delight scholars and opera enthusiasts alike

Giuseppe Verdi His Life and Works Francis Toye,2023-02-22 A biography with extensive commentary on Verdi's works and the events surrounding their composition and production THE origin and above all the length of this book demand a few words of explanation The origin is simple enough Some five years ago I was lucky enough to hear several performances of Verdi operas at La Scala under Toscanini and these performances

brought with them a conviction that the importance attached to Verdi by conventional musical opinion in England was miserably inadequate I was not unprepared for this Nobody who had the good fortune at Cambridge to come under the influence of Professor Dent most large minded and stimulating of teachers was likely to consider the composer of *Il Trovatore* a mere purveyor of tunes Performances usually indifferent of the operas in England and Germany had already given me great pleasure a few in Italy greater pleasure still But in Milan I was carried away by a new enthusiasm a sudden realisation that this music contained vital and poetical elements distinct from those of any other music even when presented by the same conductor in the same conditions Elements it should be explained not necessarily better but different and capable moreover of awakening a particularly responsive echo in me

Verdi's Middle Period Martin Chusid,1997 During the middle phase of his career 1849 1859 Verdi created some of his best loved and most frequently performed operas including *Luisa Miller* *Rigoletto* *Il trovatore* *La traviata* and *Un ballo in maschera* This was also the period in which he wrote his first completely original French grand opera *Les Vepres siciliennes* the first version of *Simon Boccanegra* and the intensely dramatic *Stiffelio* until recent years the most neglected of all Verdi s mature works for the operatic stage Featuring contributions from many of the most active Verdi scholars in the United States and Europe *Verdi s Middle Period* explores the operas composed during this period from three interlinked perspectives studies of the original source material cross disciplinary analyses of musical and textual issues and the relationship of performance practice to Verdi s musical and dramatic conception Both musicologists and serious opera buffs will enjoy this distinguished collection

Verdi John Suchet,2018-07-03 Giuseppe Verdi remains the greatest operatic composer that Italy the home of opera has ever produced Yet throughout his lifetime he claimed to detest composing and repeatedly rejected it He was a landowner a farmer a politician and symbol of Italian independence but his music tells a different story An obsessive perfectionist Verdi drove collaborators to despair but his works lauded from the start as dazzling feats of composition and characterization From *Rigoletto* to *Otello* *La Traviata* to *Aida* Verdi s canon encompassed the full range of human emotion His private life was no less complex he suffered great loss and went out of his way to antagonize supporters and his own family An outspoken advocate of Italian independence and a sharp critic of the church he was often at odds with nineteenth century society In *Verdi The Man Revealed* John Suchet attempts to get under the skin of perhaps the most private composer who ever lived

Giuseppe Verdi Gregory W. Harwood,1998 This work constitutes the largest and most comprehensive research guide ever published about Verdi Entries survey 1 000 of the most significant published materials relating to the composer including bibliographies catalogs letters and documents conference reports biographies and studies of Verdi s music dealing with topics such as genesis and compositional process analysis performance practice reception and historical position The guide also includes selected materials on people associated with Verdi such as Giuseppina Strepponi his librettists and his publishers and on the composer s political social cultural and musical milieu The volume contains author and subject indexes and features

extensive cross referencing **Verdi's Theater** Gilles de Van,1998-09-15 But in the musical drama reality begins to blur the musical forms lose their excessively neat patterns and doubt and ambiguity undermine characters and situations reflecting the crisis of character typical of modernity Indeed much of the interest and originality of Verdi s operas lie in his adherence to both these contradictory systems allowing the composer dramatist to be simultaneously classical and modern traditionalist and innovator *Verdi in America* George Whitney Martin,2011 The operas of Giuseppe Verdi stand at the center of today s operatic repertoire and have done so for more than a century The story of how the reputation and wide appeal of these operas spread from Western Europe throughout the world has long needed to be told This latest book by noted Verdi authority George W Martin *Verdi in America* Oberto through *Rigoletto* specifically details the changing fortunes of Verdi s early operas in the theaters and concert halls of the United States Among the important works whose fates Martin traces are *Nabucco* *Attila* *Ernani* *Macbeth* in its original version *Luisa Miller* and one of Verdi s immortal masterpieces *Rigoletto* denounced in 1860 as the epitome of immorality Martin also explores the astonishing revival of many of these operas in the 1940s and onward including *Macbeth* in its revised version of 1865 and the first American productions sometimes in small opera houses outside the main circuit of some Verdi operas that had never previously managed to cross the Atlantic Extensive quotations from newspaper reviews testify to the eventual triumph of these remarkable works They also reveal the crucial shifts in tastes and expectations that have occurred from Verdi s day to our own Publisher description [Use of the Chorus in Verdi's Operas](#) Walter Edwin Phelps,1955 [Verdi newsletter](#) ,1978 **The Cambridge Companion to Verdi** Scott L. Balthazar,2004-11-18 This 2004 Companion provides a biographical theatrical and social cultural background for Verdi s music examines in detail important general aspects of its style and method of composing and synthesizes stylistic themes in discussions of representative works Aspects of Verdi s milieu style creative process and critical reception are explored in essays by highly reputed specialists Individual chapters address themes in Verdi s life his role in transforming the theater business and his relationship to Italian Romanticism and the Risorgimento Chapters on four operas representative of the different stages of Verdi s career *Ernani* *Rigoletto* *Don Carlos* and *Otello* synthesize analytical themes introduced in the more general chapters and illustrate the richness of Verdi s creativity The Companion also includes chapters on Verdi s non operatic songs and other music his creative process and scholarly writing about Verdi from the nineteenth century to the present day **Verdi's Aida** Clyde T. McCants,2005-12-05 Every opera tells a story but sometimes the creation of an opera makes a pretty fascinating tale on its own If Verdi s *Aida* is the quintessential opera it is also an amazing piece of musical history This work examines the origin composition premiere recording history and consistent popularity of one of Verdi s greatest works In the late 1860s Ismail Pasha Khedive viceroy of Egypt asked Verdi to compose a work to premiere in the Cairo Opera House Although Verdi was uninterested in the project at first persistence on the part of the Khedive as well as a tempting plot line written by Mariette Bey one of the day s leading Egyptologists drew him in To this day however much

mystery still surrounds the opera's inception This book explores that mystery highlights the genius of Aida's plot and characters and traces the process through which Verdi and his librettist Ghislanzoni shaped the lyrics It also considers Aida's spread from Cairo to the rest of the world discussing aspects of its unique and interesting staging Following this history the book provides a critical survey of recordings of Aida including 33 of the entire opera and three abridged versions The final chapter discusses film and video presentations Appendices offer a discography of complete recordings a videography of versions generally available and an annotated guide to further sources

Giuseppe Verdi Gregory W. Harwood, 2021-12-12
First Published in 1998 Giuseppe Verdi already stood out as a distinctive and unusually significant composer by the time his career was barely underway Today Verdi scholars build their work on a vast foundation of earlier research For researchers who have not spent years with the Verdi literature or who may just be starting to explore some aspect of this giant's life and works this foundation may seem daunting indeed It is primarily for these researchers that this guide is intended Its purpose is to index and describe some of the most significant studies about the composer presenting enough material in annotations that researchers may survey the many myriad directions Verdi research has gone ascertain the relevance of individual items to their individual interests and pursue significant patterns and threads in which they are interested

The Opera Companion, 1989 **The Monthly Musical Record**, 1929 Elements of Verismo in Selected Operas of Giuseppe Verdi
