performative literary text and an insistent call to action Seeking to overthrow all constraints on what can be done with and to the body Paul B Preciado offers a provocative challenge to even the most radical claims about gender sexuality and desire Preciado lays out mock constitutional principles for a countersexual revolution that will recognize genitalia as technological objects and offers step by step illustrated instructions for dismantling the heterocentric social contract He calls theorists such as Derrida Foucault Butler and Haraway to task for not going nearly far enough in their attempts to deconstruct the naturalization of normative identities and behaviors Preciado s claim that the dildo precedes the penis that artifice not nature comes first in the history of sexuality forms the basis of his demand for new practices of sexual emancipation He calls for a world of sexual plasticity and fabrication of bio printers and dildonics and he invokes countersexuality s roots in the history of sex toys pornography and drag in order to rupture the supposedly biological foundations of the heterocentric regime His claims are extreme but supported through meticulous readings of philosophy and theory as well as popular culture The Manifesto is now available in English translation for its twentieth anniversary with a new introduction by Preciado Countersexual Manifesto will disrupt feminism and queer theory and scandalize us all with its hyperbolic but deadly serious defiance of everything we ve been told about sex [Bowker's Guide to Characters in Fiction](#) 2007 ,2008-02 **What Do I**
