## **Behaviour At Work:**

*Behaviour and Boundaries at Work: What Is Appropriate?* Deanna Brown, 2018-11-18 Boundaries involve setting behavioral limits during workplace interactions Boundaries establish what is acceptable workplace behavior and how this behavior affects the way workers communicate with one another Boundaries also establish rules They are beneficial in the workplace because they help workers understand their individual roles and responsibilities It also encompasses the expectations of your employer I have counselled many people over the years who have great difficulty getting a job and keeping one In almost all cases I can attribute this job flopping to inappropriate workplace behaviours or non-existent boundaries When boundaries at work become blurred it causes a great deal of issues Employers and staff can become frustrated angry and upset That can result in you having to look for another job This short book will discuss boundaries and appropriate behaviours during job interviews and once you get the job Certain behaviours and attitudes can directly affect your chances of obtaining a job or keeping one
