A Rift In Time

Raja Shehadeh

A Rift In Time:

The Middle Reaches, Cycle Two: A Rift in Time and Space L. Andrew Cooper, 2025-04-29 The Middle Reaches Cycle Two A Rift in Time and Space introduces Bobby Lightfoot a boy lost in The Middle Reaches and tormented by a fiend called The Man in the Grinning Mask Heather Bobby's former babysitter and her friend Janet are lured into The Middle Reaches by Max a charming young man with secrets Stalked by psychopaths as well as the region's many other monsters these travelers follow paths that cross Cycle One's and they go farther and deeper into the darkness of The Middle Reaches and places beyond the Gate

Neuropolitics William E. Connolly, 2002-07-24 Why would a political theorist venture into the nexus between neuroscience and film According to William Connolly whose new book is itself an eloquent answer the combination exposes the ubiquitous role that technique plays in thinking ethics and politics By taking up recent research in neuroscience to explore the way brain activity is influenced by cultural conditions and stimuli such as film technique Connolly is able to fashion a new perspective on our attempts to negotiate and thrive within a deeply pluralized society whose culture and economy continue to quicken In Neuropolitics Connolly draws upon recent brain/body research to explore the creative potential of thinking the layered character of culture the cultivation of ethical sensibilities and the critical role of technique in all three He then shows how a series of films including Vertigo Five Easy Pieces and Citizen Kane enhances our appreciation of technique and contests the linear image of time now prevalent in cultural theory Connolly deftly brings these themes together to support an ethos of deep pluralism within the democratic state and a politics of citizen activism across states His book is an original and rigorous study that attends to the creative possibilities of thinking in identity culture and ethics

Post-Empire Imaginaries? Barbara Buchenau, Virginia Richter, 2015-07-28 Empires as political entities may be a thing of the past but as a concept empire is alive and kicking From heritage tourism and costume dramas to theories of the imperial idea l empire sells Post Empire Imaginaries Anglophone Literature History and the Demise of Empires presents innovative scholarship on the lives and legacies of empires in diverse media such as literature film advertising and the visual arts Though rooted in real space and history the post empire and its twin the post imperial emerge as ungraspable ideational constructs The volume convincingly establishes empire as welcoming resistance and affirmation introducing post empire imaginaries as figurations that connect the archives and repertoires of colonial nostalgia postcolonial critique post imperial dreaming

Occupation Diaries Raja Shehadeh, 2012-08-02 It is often the smallest details of daily life that tell us the most And so it is under occupation in Palestine What most of us take for granted has to be carefully thought about and planned for When will the post be allowed to get through Will there be enough water for the bath tonight How shall I get rid of the rubbish collecting outside How much time should I allow for the journey to visit my cousin going through checkpoints And big questions too Is working with left wing Israelis collaborating or not What affect will the Arab Spring have on the future of Palestine What can anyone do to bring about change Are any of life's pleasures untouched by politics

Matty on the

Galactic Express Lila Reed,2025-08-12 Matty is a daring boy with dreams of exploring the farthest reaches of space One ordinary day while digging in his school playground he stumbles upon a mysterious ancient alien spaceship buried beneath the ground When the ship unexpectedly powers up Matty embarks on an incredible journey through the galaxy encountering strange new civilizations racing against black holes and discovering that the true treasures of space are courage friendship and adaptability Join Matty on a galactic adventure where the greatest discoveries lie not in technology but in the hearts of those we meet along the way

Nietzsche, Power and Politics Herman Siemens,Vasti Roodt,2009-02-26 Nietzsche's legacy for political thought is a highly contested area of research today With papers representing a broad range of positions this collection takes stock of the central controversies Nietzsche as political anti political thinker Nietzsche and contra democracy Arendt and contra Nietzsche as well as new research on key concepts power the agon aristocracy friendship i a on historical contemporary and futural aspects of Nietzsche's political thought International contributors include well known names Conway Ansell Pearson Hatab Taureck Patton Connolly Villa van Tongeren and young emerging scholars from various disciplines

The Politics of Speed Simon Glezos,2013-03-01 Everyone agrees that the world is accelerating With advances in communication transportation and information processing technologies it is clear that the pace of events in global politics is speeding up at an alarming rate The implications of this new speed however continue to be a significant source of debate Will acceleration lead to a more interconnected productive peaceful and humane world or a nightmarish descent into ecological devastation economic exploitation and increasingly violent warfare The Politics of Speed attempts to map the contours of the new global space of speed and investigates key issue areas including democratic governance warfare capitalism globalization and transnational activism to uncover the ways in which acceleration is shaping the world The book uses contemporary political theory especially the works of Deleuze and Guattari to develop an ontological account of speed showing how its effects are frequently far more complex and surprising than we might expect The result is an attempt to craft a way of engaging with global acceleration that might help avoid the dangers of speed while embracing the possibilities it provides us with to produce a safer more egalitarian democratic and pluralistic world
