Going Away Ottilia Louise von Schalow, Lieselotte Katz, Koch, 2001-02-20 Usually immigrants leave their native land to seek a better life elsewhere and their successes are remembered Ludwig Karl Ritter and Greta Adele Ritter a married couple and their three children left Germany in 1906 and settled in California Their life in the United States was not altogether successful The Ritters hope was to become rich and Ludwig s and Greta s sojourn in this country began pleasantly enough But a rift between them began The Ritters desire for land took them to the San Joaquin Valley With no background in farming they established an orchard learned to manage livestock and built the family house The personal costs of acquisition were great for now there were twelve children overwhelming work crop failures and costly mistakes with farm animals Ludwig was strengthened by adversity Greta became cynical and prayed to return to Germany she felt isolated and overpowered by the many problems that the children presented The thoughts and emotions and changes of attitude carried forth in the letters easily trace the changes in the minds of the couple and the direction these two individuals took in this dramatic story Their lack of success and their harsh experiences in California constitute the tension in Going Away going away from their native land and eventually from each other

Letters from America P. Thompson, 2013-05-08 The 1906 San Francisco earthquake served as a magnet for many European immigrants skilled in the building trades One such immigrant family the Ritters came to the San Francisco Bay area via Galveston Texas in search of employment They settled in the East Bay and hoped to work raise their children and grow prosperous In a series of letters written over several years to their relatives in Germany Ludwig and Greta Ritter expressed their dreams doubts prejudices and frustrations Letters from America chronicles their experiences in California and exposes the growing conflict between husband and wife as they struggle to survive in the midst of nearly constant turmoil Through honest and sometimes painful details these letters reveal how the couple began to drift apart a rift that ultimately originated from a clash of cultures While Ludwig reveled in the American way of life and its challenges Greta longed for the comfort of her German ethnicity and the safety it provided It proved to be a wedge that would eventually consume them From Texas in 1906 to California in 1920 Letters from America spans one familys turbulent immigrant experience and the price they paid for the American dream
