Graham Thomas,2023-12-31 Mostly when we read stories about advertising in the media or in books they concentrate on the big names of the business whether advertisers and their brands agencies or people Yet while they sit at the undoubted glamorous end of the spectrum picking up creative awards and with tales of off screen outr antics to spill they represent only the tip of the iceberg in terms of numbers Under the waterline most of the smaller ad agencies were independent a few were the regional subsidiaries of the biggest agencies Saatchi Dorlands JWT McCanns Royds and Streets all had offices in Manchester for example a few were also second string agencies in London set up by the main agency for a variety of reasons specialist agencies that worked in recruitment finance corporate and business to business advertising for example or to handle conflicting accounts or clients that were too small for the main agency to handle profitably But as Campaign once wrote there is a stigma attached to these agencies They were still are seen as second class and on the fringes of the business Rarely did they act as feeder agencies for talent unlike journalism where many leading journalists started their careers on local newspapers before ending up on Fleet Street Even the Chairman of JWT Manchester admitted in the early 80s that Northern advertising people have a bit of a complex about their London counterparts All regional agencies are in danger of being a bit provincial in their outlook This volume looks at those agencies mainly through a diary written in the late 1970s This gives a vivid truthful warts and or portrayal of what life was like in the tail end of the advertising business **Italy and**

**the Middle East** Paolo Soave,Luciano Monzali,2020-12-10 Italy played a vital role in the Cold War dynamics that shaped the

Middle East in the latter part of the 20th century It was a junior partner in the strategic plans of NATO and warmly appreciated by some Arab countries for its regional approach But Italian foreign policy towards the Middle East balanced between promoting dialogue stability and cooperation on one hand and colluding with global superpower manoeuvres to exploit existing tensions and achieve local influence on the other Italy and the Middle East brings together a range of experts on Italian international relations to analyse for the first time in English the country s Cold War relationship with the Middle East Chapters covering a wide range of defining twentieth century events from the Arab Israeli conflict and the Lebanese Civil War to the Iranian Revolution and the Soviet invasion of Afghanistan demonstrate the nuances of Italian foreign policy in dealing with the complexity of Middle Eastern relations The collection demonstrates the interaction of local and global issues in shaping Italy s international relations with the Middle East making it essential reading to students of the Cold War regional interactions and the international relations of Italy and the Middle East Fortune Henry R. Shaheen,1995 Operation Desert Storm Frank Hancock,2025-11-13 During Desert Storm the Air Force and the Armor forces were the thunder but the 101st was the lightning General Norman Schwarzkopf April 1991 Camp Eagle II Saudi Arabia Operation Desert Storm chronicles perhaps the most incredible story of the Gulf War that has never been told It describes two young soldiers from the intelligence section of 1 327 Infantry 101st Airborne Division Captain Jose Delgado and Sergeant Jesus Gonzalez who unlocked an intelligence puzzle none of their higher headquarters recognized This pivotal discovery occurred after the finalization of the 101st Airborne s plans for attacking into Iraq and altered the direction of Desert Storm 1 327 Infantry was also the lead unit of what became the largest air assault by helicopter in US history The 101st Airborne was a unique army division because of the 300 helicopters in its arsenal General Schwarzkopf s Hail Mary plan to use the 101st to air assault deep into Iraq and cut the Euphrates Valley was the boldest operational maneuver for the US Military since the Inchon landing in Korea in 1950 Schwarzkopf s plan stretched the division s capabilities to their limits and demonstrated the 101st Airborne s strengths and weaknesses CPT Jose Delgado and SGT Jesus Gonzalez discovered the fatal intelligence flaw an enemy battalion s bunker trench complex in 1 327 Infantry s lead company s landing zone Their discovery 48 hours before the air assault caused the division s plan to be altered although it was a significant challenge to do so Without their discovery the attack was destined for disaster In writing the book Colonel Frank Hancock Battalion Commander of 1 327 Infantry asked soldiers from across the battalion to provide narratives and their recollections of what happened thereby providing a full view of what occurred and why from the perspective of soldiers ranging in rank from private to colonel The book also details the process of how the US Army learned from its experiences in Vietnam made changes and became a different structured and more lethal army in the post Vietnam era **Arabian Jubilee** Harry St. John Bridger Philby,1953 **Lightning in the Storm** Thomas Taylor,1994 Lightning in the Storm is the first
