Customer Driven Manufacturing:

Customer-driven Manufacturing Johan C. Wortmann,D.R. Muntslag,P.J.M. Timmermans,2012-12-06 Customer driven manufacturing is the key concept for the factory of the future The markets for consumer goods are nowadays marked by an increase in variety while at the same time showing steadily decreasing product life cycles In addition tailoring the product to the customer s needs is becoming increasingly important in quality improvement These trends are resulting in production in small batches driven by customer orders Customer driven Manufacturing adopts a design oriented approach splitting the realisation of customer driven manufacturing into three main steps Firstly you must understand the primary process of your business The second step is to analyse and re design the management and control of the organisation Finally the organisation s information system must be analysed and redesigned
