A Startrek to Eternity Ken W. Campbell,2007-07 Secrets of the Bible Revealed Have you been puzzled by these seemingly impossible events from the Bible 1 How could the universe and everything in it have been created in seven days when the evidence suggests it took millions if not billions of years for it to form 2 Is it really possible that Joshua could have stopped the sun and moon on command as related in the Old Testament Wouldn t the entire solar system collapse if that were to happen 3 Can Heaven actually exist and if so just where is it 4 At death is it reasonable to believe the human spirit can be separated from our physical bodies and be transmitted to Heaven If so how is this accomplished 5 The Bible predicts that our every thought and action will be revealed in Heaven Is this possible using existing laws of physics 6 Could Jesus have actually appeared and then disappeared seemingly by magic as described by the Apostle John 7 Is it reasonable to believe that time will stand still in Heaven and life can be eternal The purpose of this book is to show how the events mentioned above may actually be possible using existing laws of science

The Study of Science and Religion Carl Reinhold Brakenhielm,2018-06-06 The main aim of this book is to contribute to the relationship between science and religion This book aims to do constructive theological work out of a particular cultural context The point of departure is contemporary Swedish religion and worldviews One focus is the process of biologization i e how the worldviews of the general public in Sweden are shaped by biological science Is there a gap between Swedes in general and the perceptions of Swedish clergy The answer is based on sociological studies on science and religion in Sweden and the United States Furthermore the book contains a study of Swedish theologians from Nathan Soderblom to the present Archbishop Antje Jackelen and their shifting understanding of the relation between science and religion The philosophical aspects of this relation are given special consideration What models of the relation inform the contemporary scholarly discussion Are
