The Injury Fact Book Susan P. Baker,Brian O'Neill,Marvin J. Ginsburg,Guohua Li,1991-10-24 This is a comprehensive but concise reference that documents the nature and importance of the injury problem in the United States For each of more than sixty causes of injury data are presented by age race sex geographic area urban rural residence and per capita income The second edition includes new chapters on injuries related to sports work aviation and large trucks Also new are many analyses subdivided by four racial groups as well as age and sex made possible by the use of mortality data from a seven year period The updated analyses of time trends throughout the book document major reductions in death rates over the past decade As a statistical compilation the book offers users a quick reference to valuable detail much of which would otherwise be inaccessible It also discusses reasons for many of the extreme differences among groups of people in injury death rates and describes promising avenues to prevention This accessible readable reference will be valuable to public health personnel physicians epidemiologists safety planners and policy makers **Responsible Investment in Times of Turmoil** Wim Vandekerckhove,Jos Leys,Kristian Alm,Bert Scholtens,Silvana Signori,Henry Schäfer,2011-03-29 The SRI phenomenon is said to be entering the mainstream of financial intermediation From a fairly marginal practice promoted or campaigned for by NGO s and at odds with financial practice and orthodoxy it grew into well formulated policy adopted by a wide range of investors Academic literature on SRI has also boomed on the assumption that mainstreaming is taking place However little thinking has been carried out on questions specifically arising from this alleged mainstreaming This book addressed to those with a scholarly or practitioner s interest in SRI starts filling this neglected dimension Today one cannot ignore the difficulties of main stream financing The financial spheres are trembling globally in one of the worst crises since the 1930 s As a response to the crisis the intermediation of financial responsibility will undoubtedly be the subject of new regulation and scrutinizing This book looks into what these turbulences will imply for SRI In view of these circumstances one might or even should ask oneself whether the phenomenon was not an empty fad during the exuberant high of financial euphoria that came abruptly to an end with current financial crises To put it rather sec are financial intermediaries that promote sustainability credible while it is obvious that some developments in financial intermediation predictably as some say were unsustainable Is

this an opportunity for enhancing SRI because of the strength and superiority it has developed or will it disappear due to a return to financial myopia This book is the first to question the future of SRI in such a radical way *The Encyclopedia of Indianapolis* David J. Bodenhamer, Robert G. Barrows, 1994-11-22 A work of this magnitude and high quality will obviously be indispensable to anyone studying the history of Indianapolis and its region *The Journal of American History* absorbing and accurate Although it is a monument to Indianapolis do not be fooled into thinking this tome is impersonal or boring It's not It's about people interesting people *The Encyclopedia of Indianapolis* is as engaging as a biography Arts Indiana comprehensive and detailed might well become the model for other such efforts *Library Journal* With more than 1 600 separate entries and 300 illustrations *The Encyclopedia of Indianapolis* is a model of what a modern city encyclopedia should be From the city's inception through its remarkable transformation into a leading urban center the history and people of Indianapolis are detailed in factual and interpretive articles on major topics including business education religion social services politics ethnicity sports and culture *Official Proceedings of the New York Railroad Club* New York Railroad Club, 1927 **United States Navy Magazine** ,1927 *Casualty, Surety and Miscellaneous Insurance Monthly Bulletin* ,1925 *Aeronautics* ,1918
