China's Destiny & Chinese Economic Theory Jieshi Jiang,1947 **China's Destiny** Kai-shek Chiang,1947

China's Destiny Chiang Kai-shek,1976-11-21 This book was written by China's leader to interpret the significance of the old and the new treaties and China's responsibilities as an independent nation *China's Destiny* Kai-shek Chiang,Chonghui Wang,1953 *Negotiating China's Destiny in World War II* Hans van de Ven,Diana Lary,Stephen MacKinnon,2014-12-03

Negotiating China's Destiny explains how China developed from a country that hardly mattered internationally into the important world power it is today Before World War II China had suffered through five wars with European powers as well as American imperial policies resulting in economic military and political domination This shifted dramatically during WWII when alliances needed to be realigned resulting in the evolution of China's relationships with the USSR the U S Britain France India and Japan Based on key historical archives memoirs and periodicals from across East Asia and the West this book explains how China was able to become one of the Allies with a seat on the Security Council thus changing the course of its future Breaking with U S centered analyses which stressed the incompetence of Chinese Nationalist diplomacy *Negotiating China's Destiny* makes the first sustained use of the diaries of Chiang Kai shek which have only become available in the last few years and who is revealed as instrumental in asserting China's claims at this pivotal point *Negotiating China's Destiny* demonstrates that China's concerns were far broader than previously acknowledged and that despite the country's military weakness it pursued its policy of enhancing its international stature recovering control over borderlands it had lost to European imperialism in the nineteenth and early twentieth century and becoming recognized as an important allied power with determination and success *Chiang Kai-Shek* Jieshi Jiang,Philipp Jaffé,1947 *China's Destiny and Chinese Economic Theory* Kai Shew Chiang Kai Shew,2007-03 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1917 edition Excerpt 6 Columns for Discount on Purchases and Discount on Notes on the same side of the Cash Book c Columns for Discount on Sales and Cash Sales on the debit side of the Cash Book d Departmental columns in the Sales Book and in the Purchase Book Controlling Accounts The addition of special columns in books of original entry makes possible the keeping of Controlling Accounts The most common examples of such accounts are Accounts Receivable account and Accounts Payable account These summary accounts respectively displace individual customers and creditors accounts in the Ledger The customers accounts are then segregated in another book called the Sales Ledger or Customers Ledger while the creditors accounts are kept in the Purchase or Creditors Ledger The original Ledger now much reduced in size is called the General Ledger The Trial Balance now refers to the accounts in the General Ledger It is evident that the task of taking a Trial Balance is greatly simplified because so many fewer accounts are involved A Schedule of Accounts Receivable is then prepared consisting of the balances found in the Sales Ledger and its total must agree with the balance of the Accounts

Receivable account shown in the Trial Balance A similar Schedule of Accounts Payable made up of all the balances in the Purchase Ledger is prepared and it must agree with the balance of the Accounts Payable account of the General Ledger The Balance Sheet In the more elementary part of the text the student learned how to prepare a Statement of Assets and Liabilities for the purpose of disclosing the net capital of an enterprise In the present chapter he was shown how to prepare a similar statement the Balance Sheet For all practical **China's Destiny by Chiang Kai-shek** Jieshi Jiang,1947

Reshaping China Xingtao Huang,2024-09-09 This book is the first and only English language edition of Huang Xingtao's Reshaping China translated by Lane J Harris and Mei Chun In this landmark text Huang Xingtao uses a cultural approach to the history of ideas He traces the complex contours in the discursive debates around the concept of the Chinese nation Zhonghua minzu from its origins in the late Qing through the pivotal moment of the 1911 Revolution into the contentious revolutionary upheavals of the 1920s amidst the national crisis brought on by Japanese invasions in the 1930s and culminating in the widespread acceptance of the concept during the Civil War By the late 1940s the Chinese nation came to represent the idea that all peoples within the country whatever their ethnicity were equal citizens who shared common goals and aspirations

Voice From the East: The Chinese Theory of Justice Huang Yushun,2016-01-15 This book is a pioneering study on restructuring the Chinese theory of justice against a background of hegemonic dominance of the Western theory of justice and of the collective aphasia of China's intellectual and academic communities in this aspect It discusses the problems caused by the dominating Western theory of justice and the urgent needs for a universal theory of justice It delineates the origin and the development of the Chinese intellectual history of justice and explores ways to address justice related issues in the contemporary world The book initiates a dialogue on the theory of justice in the world and stimulates further debate and research In recent years studies on justice related issues such as fairness and impartiality have become increasingly popular Undoubtedly this has to do with the various manifestations of injustice not only in regions and countries but also in the world's economic and political orders Currently the world is dominated by the Western theory of justice which has led to a series of irrational actions of injustice by certain Western countries in the name of justice The world is in urgent need of a universal theory of justice acceptable to all countries to guide their acts in international affairs The book provides a modern interpretation of classical Chinese institutional ethics and reconstructs the Chinese theory of justice in order to initiate a dialogue between the Western and Eastern world on the theory of justice and to contribute to the establishing of a universal theory of justice in the real sense Series Philosophy in Modern China Subject Asian Studies Chinese Studies Sociology Philosophy Ethics Justice Studies *Chinese Assertiveness, Ideational Mobilization, and the Rise of Xi Jinping* Friso M.S. Stevens,2025-05-06 This book examines the historical domestic and leadership drivers behind the repositioning of China toward center stage after 2008 In the years of global turmoil that followed the 2008 global financial crisis China's foreign policy of the late Hu Jintao years came to be viewed in Western discourse as increasingly assertive

Displaying a certain cognitive dissonance China however vehemently rejects this viewpoint Especially after Xi Jinping rose to power in 2012 it is clear that China has abandoned its long held foreign policy doctrine of keeping a low profile Analyzing how language has been produced and reproduced over time this book explains the shift to a more assertive China by examining the intervening ideas about China s desired place in East Asia s regional order The Chinese Communist Party propoganda offers compelling evidence that there is much greater continuity between the Hu and Xi eras than is exhibited in the current literature Moreover the book traces the deeper ideational sources of Chinese assertiveness back to the New Left movement and the Patriotic Education Campaign of the 1990s Agency for the turn in the late 2000s and the selection of the compromise candidate Xi is attributed to the choices past leaders made with some Party elders ruling from behind the curtain This book will be of much interest to students of Chinese politics and foreign policy East Asian International Relations and Security Studies

[Corruption and Anticorruption in Modern China](#) Qiang Fang, Xiaobing Li, 2018-12-20

Corruption and Anti Corruption in Modern China collects essays from the scholars in their fields and examines the ongoing corruption in China by addressing this important topic from a historical perspective through a cooperative interdisciplinary research effort among Chinese American scholars interested in the subject Their scholarship makes a significant contribution through multi faceted components from different fields such as history economics political science criminal justice and popular culture The authors introduce and explore the theory and practice of policy patterns political systems and social institutions by identifying key issues in Chinese government and society contained within the larger framework of the international sphere This book describes a historical transition when the Chinese Communist Party CCP maintained its forceful control of cities while the middle class reluctantly sacrificed its rights in exchange for retaining their economic benefits To survive market economy the party leadership became more flexible and was able to adapt to economic and social change The CCP governments in our research responded to the rising demands and expectations of the society They were willing and able to cope with the middle class by making a few compromises and following certain legal procedures in exchange for continuing political support These practical comprises characterized a new political culture in PRC history since 1949 The book voices the complaints and resentments in the cities and interprets government policies and legal practices It emphasizes the consequence for governance human rights and commercial rule of law all of which threatens the legitimacy of the CCP It also suggests an important evolution of the CCP The reform movement since the 1980s has not yet contributed significantly to the country s democratic transformation or to its social stability The leaders in the 1990s focused on liberal economic reform while discouraging and even stifling political reform As a result economic interest groups successfully established an alliance with CCP officials to control economic policy making and to

share political governance In the 2010s Chinese leaders have paid special attention to political scandals corruption and mismanagement in the government and in the Party

The Generalissimo Jay Taylor,2011-04-30 One of the most momentous stories of the last century is China's rise from a self-satisfied anti-modern decaying society into a global power that promises to one day rival the United States Chiang Kai-shek an autocratic larger-than-life figure dominates this story A modernist as well as a neo-Confucianist Chiang was a man of war who led the most ancient and populous country in the world through a quarter century of bloody revolutions civil conflict and wars of resistance against Japanese aggression In 1949 when he was defeated by Mao Zedong his archrival for leadership of China he fled to Taiwan where he ruled for another twenty-five years Playing a key role in the cold war with China Chiang suppressed opposition with his white terror controlled inflation and corruption carried out land reform and raised personal income health and educational levels on the island Consciously or not he set the stage for Taiwan's evolution of a Chinese model of democratic modernization Drawing heavily on Chinese sources including Chiang's diaries *The Generalissimo* provides the most lively sweeping and objective biography yet of a man whose length of uninterrupted active engagement at the highest levels in the march of history is excelled by few if any in modern history Jay Taylor shows a man who was exceedingly ruthless and temperamental but who was also courageous and conscientious in matters of state Revealing fascinating aspects of Chiang's life Taylor provides penetrating insight into the dynamics of the past that lie behind the struggle for modernity of mainland China and its relationship with Taiwan
