The Education of a Coroner John Bateson,2017-08-15 An entertaining Booklist account of the mysterious hair raising and heartbreaking cases handled by the coroner of Marin County California throughout his four decades on the job from high profile deaths and serial killers to inmate murders and Golden Gate Bridge suicides Marin County California is a study in contradictions Its natural beauty attracts celebrity residents and thousands of visitors every year yet the county also is home to San Quentin Prison one of the oldest and largest penitentiaries in the United States Marin ranks in the top one percent of counties nationwide in terms of affluence and overall health yet it is far above the norm in drug overdoses and alcoholism not to mention the large percentage of suicides that occur on the Golden Gate Bridge Ken Holmes worked in the Marin County Coroner s Office for thirty six years starting as a death investigator and ending as the three term elected coroner As he grew into the job one that is far different from the forensics we see on television Holmes learned a variety of skills from finding hidden clues at death scenes interviewing witnesses effectively managing bystanders and reporters and preparing testimony for court to how to notify families of a death with sensitivity and compassion He also learned about different kinds of firearms all types of drugs prescription and illegal and about certain unexpected and potentially fatal phenomena such as autoeroticism Complete with poignant anecdotes The Education of a Coroner is riveting and complex supremely entertaining reading material and a fascinating and wildly informative dive into the mysterious world of death and decay Kirkus Reviews
