Parents Carolyn L. Rosenblatt, 2009-02 Carolyn L. Rosenblatt is a registered nurse and an attorney with over 40 years of combined experience. She has compiled her 9 volume series into this Complete Guide. It touches on dangerous older drivers, choosing home care workers and nursing homes, understanding assisted living, the specifics of handling money for aging parents, ways to manage sibling conflicts about elders, advice from a lawyer about how to choose a lawyer when your parent needs one, and knowing how a care manager can help you. The Caregiver's Survival Handbook Alexis Abramson, 2011. Being a caregiver can be rewarding but demanding work, and more than 40 million adult children find themselves experiencing the double duty of caring for their elders as they try to carry on a life of their own. The mission of this book is to help caregivers figure out how to look after aging loved ones, provide for other family members, and attend to their own career without losing themselves in the process. *Aging Parents and Options in Care* Hillary Abrams, 2008-08. It's a challenge millions of people are currently facing. The majority of people wait until they are in crisis when reacting to the declining health of their loved ones. This book will help make the best choices during this stressful time. Includes a step by step easy to use manual including forms. The Everything Guide to Caring for Aging Parents Kathy Quan, 2009-01-17. There are a lot of issues to consider as our loved ones get older. From in-home care to assisted living facilities, there are myriad options available, and each person's needs are unique. Family members need a resource that will answer all of their questions and ease them through this often complicated transition. This helpful handbook guides concerned children as they decide which level of care is best for their parent, maintain communication, and discuss difficult topics, handle home safety issues, manage transportation, find and work with a primary care physician, navigate insurance paperwork, handle legal issues, and questions and other sensitive issues. From setting up a support network to avoiding scams, this informative guide will help a family decide on and implement the best care options for their loved ones. **Handbook of Aging** Elliott Dunlap Smith, 1972. **You and Your Aging Parent** Barbara Silverstone, Helen Hyman, 1990-01-03. Growing Old David A. Tomb, 1984. **Take My Hand Again** Brummett, Nancy Parker, 2015-04-27. The guide the author wishes she had when she took on a caretaker role. By 2020, the senior population in this country will number over 115 million. Despite this persistent graying of America, few adult children feel prepared to take on the role of caregiver for aging parents. Those who discover they must now intervene and care for an elder they love are often at a loss. Trying to navigate the transition is like being dropped in a foreign country with no map, no GPS, and no translator, and acting as a tour guide. Nancy Parker Brummett knows what they're going through and has the means to help. She shares her own experience of caring for a mother and mother-in-law in assisted living, as well as lessons learned through study of the academic, social, and political issues involved. Each chapter begins with relevant Scripture, but the useful information here is not limited to people of faith. *Take My Hand Again* offers readers the warm feeling of having someone they trust stepping up to hold their hand and share encouragement and hope. Children of the aging don't need a degree in gerontology; they just need for someone to ask the pertinent questions and

give them an overview of the pros and cons of common options so they can make informed decisions Whether they've already had their wake up call or just want to be prepared for what's to come Brummett's sometimes humorous sometimes poignant book has just what they're looking for

The Eldercare Handbook Stella Henry, Ann Convery, 2006-05-09 In this comprehensive and accessible guide long term care expert Stella Henry helps readers navigate the daunting logistics and powerful emotions of making care decisions for an elderly parent or loved one Drawing from her 36 years as a registered nurse and a nursing home administrator as well as her experience caring for both her parents both of whom suffered the ravages of Alzheimer's disease Henry tackles all the tough issues spotting the warning signs of dementia redefining sibling roles doing a walk through at an assisted living facility or nursing home making the move and coping with take me home demands She also explains the medical legal and insurance maze In a time when almost 10 million Americans currently need long term care The Eldercare Handbook is an essential read
