**Geology of the Corner Brook Area, Newfoundland** John H. McKillop, 1963      **Company Towns** Neil

White, 2012-05-07 Company towns are often portrayed as powerless communities fundamentally dependent on the outside influence of global capital Neil White challenges this interpretation by exploring how these communities were altered at the local level through human agency missteps and chance Far from being homogeneous these company towns are shown to be unique communities with equally unique histories Company Towns provides a multi layered international comparison between the development of two settlements the mining community of Mount Isa Queensland Australia and the mill town of Corner Brook Newfoundland Canada White pinpoints crucial differences between the towns experiences by contrasting each region s histories from various perspectives business urban labour civic and socio cultural Company Towns also makes use of a sizable collection of previously neglected oral history sources and town records providing an illuminating portrait of

divergence that defies efforts to impose structure on the company town phenomenon      Lloyd's Register OneOcean's Guide to Port Entry 1987-1988 Nations A-L Lloyd's Register Foundation, 1987-01-01 First published in 1971 these Guides provide invaluable information on thousands of commercial ports and terminals across the globe They are compiled and published annually by LR OneOcean whose years of global maritime experience allows them to provide expert and innovative solutions that enhance efficiency sustainability and overall industry success The Guides cover a significant geographical breadth and the most recent volume includes information on over 12 500 ports harbours and terminals worldwide These are fully indexed and contain detailed port plans and mooring diagrams      **Lloyd's Register OneOcean's Guide to Port Entry 1993-94**
