**Devic Initiation** K. Barkel, I-Em-Hotep, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work The Voudon Gnostic Workbook

Michael Bertiaux, 2007-07-01 A long awaited new edition of the seminal text on the spiritual system that is a convergence of Gnosticism and Haitian voodoo The Voudon Gnostic Workbook is a singular sacred work that is comprehensive in scope from how to be a lucky Hoodoo to how magick and voodoo intersect energetically to esoteric time travel Complete with charts and graphs and instructive interdimensional physics The Voudon Gnostic Workbook is an object of desire among students of the occult Weiser s long anticipated republication of this rare text will be an event in the annals of esoteric publishing as the book itself is somewhat of an unholy grail There are listservers devoted to it and much discussion of the mysteries held within its pages While The Voudon Gnostic Workbook has remained a controversial book considered important for masters of metaphysics it recently came into popular culture and renewed popularity when Grant Morrison revealed it had been the inspiration for his cult comics The Invisibles using the cribbed time travel from Bertiaux s masterwork Voodoo is not an evil religion and is much misunderstood It derives from the Dahomean Gods called the Loa Esoteric voodoo is actually a highly practical procedure for leading us into making contact with the deepest levels of our being and most ancient modes of consciousness Michael Bertiaux s Voudon Gnostic Workbook is the most comprehensive and illuminating contemporary book on the subject Launched out of a correspondence course and series of classes for students and followers of Voudon Gnosticism and the OTO this seminal text is at once one of the most mysterious and magnificent of all esoteric books *Our Spiritual Destiny*

Frederick R. Kipp, 2007-10-22 *Our Spiritual Destiny* Manifesting New Bodies discusses the ways that evolutionary forces are continuing to unfold through all gradations of life It explains the purpose of human life as the expansion of Consciousness in matter through ongoing body development We have the choice to fulfill this purpose consciously at an accelerated pace by changing and raising the matter of our bodies to a level of our divine essence Utilizing the capacities of our Higher Selves within an initiatory framework of growth and transmutation we can actively participate in our body development thereby helping to expedite the manifestation of new bodies The following are passages from various chapters in the book From Alignment Clarification Many of the ancient wisdom traditions sacred religious texts and modern day writers have all alluded to some form of physical transcendence life extension or the raising and refinement of the physical body From the past each culture religion or entity has its own interpretation and language of what the stories mean or symbolize and how they apply to the present day I believe that many of these references relate to physical ascension physical body perfection or physical immortality All include the same premise that our bodies are of a nature and essence

which enable their transformation From Our Journey into Matter I have come to see all of creation as a work in progress gradually working its way towards fulfillment Through evolutionary forces matter is continually being prepared to express ever higher aspects of Consciousness in our physical life It may not always seem like it but I also believe we are important agents of change for the expansion of consciousness in the world Our immortal human spirit repeatedly reincarnates within humanity with increasing experience to help unfold and expand a higher plan for matter However our main problem with this task is that by taking physical form in matter bodies we cannot remember our divine origins in the inner unseen realms From Remembering Some religious scholars suggest that the essence of all sacred material is somehow buried deep within our being If this is true then helping us remember must be the intent and purpose of all divinely inspired sacred books spiritual literature and cultural myths in the world Somewhere in our Being or Higher Self we already know the purpose of physical life in matter As evolution progresses and our consciousness expands through time we are incrementally working towards remembering this purpose From Spiritual Orientation and Alignment For most of us the physical demands of our daily lives capture our conscious attention and vital energies This happens gradually within our ritualized patterns and daily activities Through this physical focus and orientation the crystallizing force in matter constructs barriers within our consciousness and bodies that maintain and reinforce this alignment Because of its compelling and coalescing nature our life energies are drained through attachment to the form and routine of our lives As a result we usually feel and believe we have little left over to devote to our spiritual development From Health and New Body Alignment Most people have grown up with a body centered identity Everything about living in the world seems to condition us to identify with this orientation The realities of physical life throughout history have encouraged us to strengthen build up or perfect our natural body in one way or another This alignment has ensured the survival of our species Even today in our modern world we continue to value the attributes of physical strength fitness and vitality as the ultimate experience of a good life From the standpoint of our present bodies and our collective beliefs about them this orientation is helpful and necessary However

**The Police Officer's Guide to Operating and Surviving in Low-light and No-light Conditions** Tony L. Jones,2002 This book reminds the reader that many police shootings occur during diminished light and with few exceptions officers do not receive enough training in these conditions in addition recommendations are made for officers to use senses other than vision teamwork and technological innovations to increase an officer s chance of success when working in dim light or no light conditions The majority of crimes and officer shootings occur at night in diminished light or no light settings The Federal Bureau of Investigation reports that during a 9 year period 1985 1994 almost 63 percent of police officer deaths occurred between 6 00 p m and 6 00 a m During these hours it is difficult for officers to accurately identify an alleged suspect s face easily or identify any weapons he or she may be in possession of Add stress and an increased heart rate to an already tense situation and it is easy to understand the need for additional training under these conditions The dark is fraught with peril and danger but increased training can alleviate stress and increase proficiency Moreover officers can rely upon other senses and additional training can help facilitate decision making under these difficult circumstances Technological advances and team techniques can also be incorporated into officer training Directional microphones night vision and thermal imaging devices and infrared lights are a few of the technological advances that may aid officer shootings during dim light or no light environments
