Bad Timing Betsy Berne, 2001 The last thing she wants is to fall in love with a married man and a father to boot particularly now when so many of her friends have already abandoned ship for husbands and babies and certainly not while her biological clock is ticking so loudly she can barely sleep But that's exactly what happens to the single unnamed thirtysome thing narrator of *Bad Timing* who meets jazz musician and club owner Joseph Pendleton at a too hip downtown party and becomes pregnant after their first night together As the city summer heats up her resolve for independence breaks down and her increasingly difficult situation seems to make this increasingly difficult man even more irresistible Set in all too small New York universe of artists musicians and writers in which the lives of our hapless heroine and her errant lover intersect repeatedly with far fewer than six degrees of separation *Bad Timing* memorably depicts a woman struggling to reconcile her need for love with the limits and liberties of an undercover affair With a startlingly fresh take on some New York prototypes the witty gay neighbor and the overbearing Jewish family and devilish looks into the clubby world of art and magazine *Bad Timing* is a memorably tart yet sweet story of modern love lost and found [The](#)

community society culture or even media industry Cult television shows have been around since at least the 1960s with Star Trek perhaps the most famous of that era However the rise of cable contributed to the rise of cult television throughout the 1980s and 1990s and now with the plethora of streaming options available more shows can be added to this categorization Reaching back to the beginnings of television the book includes such groundbreaking series as The Twilight Zone and The Prisoner alongside more contemporary examples like Crazy Ex Girlfriend and Hannibal The authors provide production history for each series and discuss their relevance to global pop culture To provide a more global approach to the topic the authors also consider several non American cult TV series including British Canadian and Japanese shows Thus Monty Python's Flying Circus appears alongside Sailor Moon and Degrassi Junior High Additionally to move beyond the conception of cult as a primarily white heteronormative fanboy obsession the book contains shows that speak to a variety of cult audiences and experiences such as Queer as Folk and Charmed With detailed arguments for why these shows deserve to be considered the greatest of all time Olson and Reinhard provide ideas for discussion and debate on cult television Each entry in this book demonstrates the importance of the 100 shows chosen for inclusion and highlights how they offer insight into the period and the cults that formed around them
