and Peter  
Stearns

# Discursive Psychology In Practice

**Jonathan Potter**

## **Discursive Psychology In Practice:**

*Discursive Psychology in Practice* Rom Harré, Peter N. Stearns, 1995-09-07 In the last decade many diverse streams of thought have come together in an international movement to reject the traditional view that a scientific psychology must rely on an experimental methodology Underpinning this movement is the principle that the main characteristics of human life are best understood as produced through discourse This discursive psychology has found adherents across the range of psychological disciplines and has ushered in a completely revised understanding of the subject This volume shows how to put these theoretical and methodological insights to work in the investigation of concrete problems in psychology The internationally renowned contributors re-examine a range of traditional psychological topics from decision making memory and attribution to emotions learning and the self and in the process map out the foundations of a new psychology

**Discursive Psychology** Sally Wiggins, 2016-11-03 Discursive Psychology is a theoretical and analytical approach used by academics and practitioners alike widely applied though often lost within the complicated web of discourse analysis Sally Wiggins combines her expertise in discursive psychology with her clear and demystifying pedagogical approach to produce a book that is committed to student success This textbook shows students how to put the methodology into practice in a way that is simple engaging and practical

*Discursive Research in Practice* Alexa Hepburn, Sally Wiggins, 2007-07-12 The first text to promote a new method of discursive research in practice developed by combining conversation analysis with the fresh treatment of epistemology mind cognition and personality developed in discursive psychology Written for graduates and academics interested in discursive psychology discourse analysis and social and critical psychology

*Discursive Psychology in Practice* Rom Harré, Peter Stearns, 1995-11-13 This text shows how to put discursive theoretical and methodological insights to work in the investigation of concrete problems in psychology A range of traditional psychological topics are examined from decision making memory and attributions to emotions learning and the self

[Therapy as Discourse](#) Olga Smoliak, Tom Strong, 2018-08-14 This book addresses the premise that therapy can be understood practiced and researched as a discursive activity Using varied forms of discourse analysis it examines the cultural institutional and face to face communications that shape and occur within therapies that are discursively understood and practiced By first providing an overview of commonalities across discursive therapies and research approaches the authors discursively examine general aspects of therapy Topics explored include subjectivity psychological terms institutional influences therapeutic relationships therapists ways of talking and questioning discursive ethics and assessment of therapeutic processes and outcomes This book offers a macro analysis of the conversational practices of a discursively informed approach to therapy as well as a micro analysis of the ways in which language shapes and is used in a discursively informed approach to therapy This book will interest practitioners seeking to better understand therapy as a discursive process and discourse analysts wanting to understand therapy as discursive therapists might practice it

**Discursive Perspectives in**

**Therapeutic Practice** Andy Lock, Tom Strong, 2012-04-05 For an endeavour that is largely based on conversation it may seem obvious to suggest that psychotherapy is discursive After all therapists and clients primarily use talk or forms of discourse to accomplish therapeutic aims However talk or discourse has usually been seen as secondary to the actual business of therapy a necessary conduit for exchanging information between therapist and client but seldom more Psychotherapy primarily developed by mapping particular experiential domains in ways responsive to human intervention Only recently though has the role that discourse plays been recognized as a focus in itself for analysis and intervention Discursive Perspectives in Therapeutic Practice presents an overview of discursive perspectives in therapy along with an account of their conceptual underpinnings The book starts by setting out the case for a discursive and relational approach to therapy by juxtaposing it to the tradition that that leads to the diagnostic approach of the DSM V and medical psychiatry It then presents a thorough review of a range of innovative discursive methods each presented by an authority in their respective area The book shows how discursive therapies can help people construct a better sense of their world and move beyond the constraints caused by the cultural preconceptions opinions and values the client has about the world The book makes a unique contribution to the philosophy and psychiatry literature in examining both the philosophical bases of discursive therapy whilst also showing how discursive perspectives can be applied in real therapeutic situations The book will be of great value and interest to psychotherapists and psychiatrists wishing to understand explore and apply these innovative techniques

Discursive Psychology and Embodiment Sally Wiggins, Karin Osvaldsson Cromdal, 2021-02-13 For over thirty years discursive psychology has offered a robust challenge to cognitivist approaches to psychology demonstrating the relevance of discursive practices for understanding psychological topics and social interaction Matters of embodiment the visceral sensory physical aspects of psychology have however so far received much less attention This book is the first text to address the theoretical and analytical challenges raised by bodies in interaction for discursive psychology The book brings together international experts each of which tackles a different topic area and interactional setting to examine embodiment as a social object The authors consider the issue of subject object relations and how inner psychological subject side states are constructed and enacted in relation to object side states through embodied discursive practices How do bodily processes become particular kinds of embodiment through and within social interaction How are bodies psychologised as social objects Moving beyond dualisms of the subject object that construct an inner and outer psychological state the book pushes forward contemporary theory and analysis within discursive psychology Discursive Psychology and Embodiment is therefore an essential resource for researchers across the social sciences working within discourse social interaction and the turn to the body

Discourse, Peace, and Conflict Stephen Gibson, 2018-11-29 This first of its kind volume brings discursive psychology and peace psychology together in a compelling practical synthesis An array of internationally recognised contributors examine multiple dimensions of discourse official and casual speech rhetoric and text in creating and maintaining conflict

and building mediation and reconciliation Examples of strategies for dealing with longstanding conflicts the Middle East significant flashpoints the Charlie Hebdo case and current heated disputes the refugee crisis in Europe demonstrate discursive methods in context as they bridge theory with real life This diversity of subject matter is matched by the range of discursive approaches applied to peace psychology concepts methods and practice Among the topics covered Discursive approaches to violence against women The American gun control debate a discursive analysis Constructing peace and violence in the Palestinian Israeli conflict Discursive psychological research on refugees Citizenship social injustice and the quest for a critical social psychology of peace The emotional and political power of images of suffering discursive psychology and the study of visual rhetoric Discourse Peace and Conflict offers expansive ideas to scholars and practitioners in peace psychology as well as those in related areas such as social psychology political psychology and community psychology with an interest in issues pertaining to peace and conflict

*Discourse Theory and Practice* Margaret Wetherell, Stephanie Taylor, Simeon J Yates, 2001-05-25 A highly effective introduction to the range of approaches found in discourse analysis a lively and intellectually stimulating Reader David Silverman Goldsmith College University of London *Discourse Theory and Practice* is much more than a collection of key classic articles and papers in the field of discourse analysis The aim of the book is to introduce students to the major figures in the field and to some of their writings which combined with the interspersed editorial commentaries should allow students to understand the key epistemological and methodological issues of discourse theory and practice The Reader is organized into four coherent parts namely Foundations and Building Blocks Social Interaction Minds Selves and Sense Making and Culture and Social Relations Key readings include works by Stuart Hall Jonathan Potter David Silverman Erving Goffman Teun van Dijk Derek Edwards and Michael Billig Chapters introduce the student to each individual and their reading contextualizing each in terms of their contribution to the field theoretical standpoint and individual method of doing discourse analysis The many didactic elements of the book make it ideal as an introduction to the study of discourse for all students of psychology sociology linguistics or cultural studies This book is a course reader for The Open University course Discourse Analysis D843

*Discourse Analysis as Theory and Method* Marianne W Jorgensen, Louise J Phillips, 2002-10-10 *Discourse Analysis as Theory and Method* is a systematic introduction to discourse analysis as a body of theories and methods for social research It brings together three central approaches Laclau and Mouffe s discourse theory critical discourse analysis and discursive psychology in order to establish a dialogue between different forms of discourse analysis often kept apart by disciplinary boundaries The book introduces the three approaches in a clear and easily comprehensible manner explaining the distinctive philosophical premises and theoretical perspectives of each approach as well as the methodological guidelines and tools they provide for empirical discourse analysis The authors also demonstrate the possibilities for combining different discourse analytical and non discourse analytical approaches in empirical study Finally they contextualize discourse analysis within the social constructionist debate about critical social

research rejecting the view that a critical stance is incompatible with social constructionist premises and arguing that critique must be an inherent part of social research

Discursive Remembering Lucas M. Bietti, 2014-10-14 This book aims at building a bridge between the social and political aspects of remembering and the cognitive and discourse processes driving such activities By analyzing these cognitive and discursive processes Bietti explores practices of individual and collective remembering in institutional and private settings in relation to periods of political violence in Argentina This book begins to fill the conceptual gap between cognitive oriented approaches to remembering that draw conclusions about how memory functions in the mind without a detailed discourse analysis of the communicative interaction in which this process unfolds and the discourse and pragmatic oriented approaches that are mainly interested in analyzing the rhetorical features of conversational remembering in some cases disregarding that there are underlying cognitive mechanisms that drive the construction of discourses about past experiences The empirical analysis shows that individual and collective remembering in relation to periods of political violence in Argentina vary in pragmatic ways due to the fact that these accounts of the past were constructed with reference to the communicative situation Thus this book also aims at shedding new light on the current practices of commemoration and remembrance related to periods of political violence in Argentina in public and private settings

**The Routledge Handbook of Language and Identity** Siân Preece, 2016-02-12 The Routledge Handbook of Language and Identity provides a clear and comprehensive survey of the field of language and identity from an applied linguistics perspective Forty one chapters are organised into five sections covering theoretical perspectives informing language and identity studies key issues for researchers doing language and identity studies categories and dimensions of identity identity in language learning contexts and among language learners future directions for language and identity studies in applied linguistics Written by specialists from around the world each chapter will introduce a topic in language and identity studies provide a concise and critical survey in which the importance and relevance to applied linguistics is explained and include further reading The Routledge Handbook of Language and Identity is an essential purchase for advanced undergraduate and postgraduate students of Linguistics Applied Linguistics and TESOL Advisory board David Block Instituci Catalana de Recerca i Estudis Avanats Universitat de Lleida Spain John Joseph University of Edinburgh Bonny Norton University of British Columbia Canada

*Qualitative Research Practice* Clive Seale, 2004-02-28 Aimed at the student reader this book demonstrates the benefits of using particular methods from the viewpoint of real life experience It contains chapters written by leading internationally distinguished qualitative researchers who recount and reflect on their own research experiences as well as others

Critical Discursive Psychology I. Parker, 2015-03-30 This book introduces key issues and historical contexts in critical discursive research in psychology It sets out methodological steps for critical readings of texts arguments that can be made for qualitative research in academic settings and arguments that could be made against it by critical psychologists

Discourse and Psychology Jonathan Potter, 2007-06-15 This collection brings

together classic and contemporary papers at the boundaries of the fields of discourse studies and psychology It includes work from the fields of discourse analysis discursive psychology ethnomethodology and conversation analysis that is focused on the way psychological issues and topics feature in human discourse The studies included have been chosen because of their position as key articles and chapters in the development of the emerging field of discourse and psychology and because of their influence on subsequent work

**Relational Practice: New Approaches to Mental Health and Wellbeing in Schools** Sahaja Timothy Davis, Tom Billington, Mary Chilokoa, Claire-Marie Whiting, 2024-10-01 A clear and compelling text written by teachers psychologists and educationalists Relational Practice New Approaches to Mental Health and Wellbeing in Schools proposes a dynamic and relational approach to supporting the mental health needs of children and young people within education Contributing authors advocate a movement away from the deficit medicalised model of mental health and instead encourage readers to embrace a relational approach considering philosophical and spiritual dimensions as well as the wider everyday contexts that shape the mental health of individuals groups and school communities Filled with case studies intervention strategies and CPD activities this essential guide bridges the gap between theory research and practice to offer evidence based resources for practical application within schools Areas covered include but are not limited to Supporting neurodivergent and LGBT students to thrive Creating and actioning an anti racist approach Multi agency interventions Relationships in SEND settings Creating a supportive culture to enhance staff wellbeing Appreciative inquiry Staff perceptions of Building Relational Schools BRS The role of intersubjective processes and the impact they have on relationships in educational settings Providing a comprehensive introduction to relational practice within education this is an indispensable resource for anyone working in education who wishes to support the mental health and wellbeing of their school community

*The Sage Encyclopedia of Qualitative Research Methods: A-L ; Vol. 2, M-Z Index* Lisa M. Given, 2008-08-21 An encyclopedia about various methods of qualitative research

**The SAGE Handbook of Qualitative Research in Psychology** Carla Willig, Wendy Stainton-Rogers, 2008 This handbook covers the qualitative methods used in psychology combining how to do it summaries with examination of historical and theoretical foundations Examples from recent research are used to illustrate how each method has been applied the data analysed and the insights gained

**Psychology After Discourse Analysis** Ian Parker, 2014-07-11 Ian Parker has been a leading light in the fields of critical and discursive psychology for over 25 years The Psychology After Critique series brings together for the first time his most important papers Each volume in the series has been prepared by Ian Parker and presents a newly written introduction and focused overview of a key topic area Psychology After Discourse Analysis is the third volume in the series and addresses three central questions How did discourse analysis develop inside psychology How does discursive psychology address concerns about the traditional laboratory experiment paradigm in psychology What is the future for discourse analysis The book provides a clear account of the various forms of discourse analysis that have been used within psychology and provides

a review of their significance for a new generation of psychologists The early chapters present a framework for understanding the origins of these various forms as well as the differences between them Emphasizing the gap between discursive psychology and mainstream psychology Parker then explores relations between discourse analysis psychoanalysis social constructionism and the postmodern turn in the social sciences The final chapters describe the limitations of discourse analysis and explore its flaws as a framework and as a practice questioning its future within academia and in political and social contexts beyond psychology Psychology After Discourse Analysis is essential reading for students and researchers in psychology sociology social anthropology and cultural studies and for discourse analysts of different traditions It will also introduce key ideas and debates within critical psychology to undergraduates and postgraduate students across the social sciences

**Discourse Analysis as Theory and Method** Marianne W Jørgensen, Louise J Phillips, 2002-12-26 A systematic introduction to discourse analysis as a body of theories and methods for social research Introduces three approaches and explains the distinctive philosophical premises and theoretical perspectives of each approach

## **Discursive Psychology In Practice Introduction**

In today's digital age, the availability of Discursive Psychology In Practice books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Discursive Psychology In Practice books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Discursive Psychology In Practice books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Discursive Psychology In Practice versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Discursive Psychology In Practice books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Discursive Psychology In Practice books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Discursive Psychology In Practice books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free

access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Discursive Psychology In Practice books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Discursive Psychology In Practice books and manuals for download and embark on your journey of knowledge?

### **FAQs About Discursive Psychology In Practice Books**

1. Where can I buy Discursive Psychology In Practice books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
