Creating Canadian English Stefan Dollinger, 2019-07-11 Traces the making of Canadian English both as concept and global variety throughout the twentieth century to the present

More Battlefields of Canada Mary Beacock Fryer, 1996-07-26 *More Battlefields of Canada* is a sequel to Mary Beacock Fryer's bestselling *Battlefields of Canada*. Like its predecessor, this volume covers nearly three hundred years of history and covers the most significant as well as some of the most comic and bizarre Canadian battles. Illustrated with sketches, photographs, and detailed maps, the individual chapters begin by setting the context of the battle in terms of the larger struggle. The reader is then taken on to the battlefield with an hour-by-hour account. A brief conclusion to each chapter assesses the consequences for the victor and the loser, assigning each battle its place in Canadian history. Not all the battles recreated in this volume were fought in Canada. Some took place in the United States, and there is also an account of the Canadian experience in Hong Kong in 1941. A detailed chronology provides a comprehensive list of every Canadian battle since the 1600s.

This series of reports is in a sense a continuation but with a decided expansion of the plan of the English Ruling Cases as it takes the cases from the British Empire instead of from England only, but it continues the English Ruling Cases in the sense that it will include the most important cases from the English courts decided since that series terminated. Sherby, 2001-12-30 *The Who's Who of Nobel Prize Winners* is a one-stop source of detailed information on the men and women who earned the Nobel Prize during the 20th century. Organized chronologically by prize, each extensive article contains in-depth information on the laureate's life and career, as well as a selected list of his or her publications and biographical resources on the individual. A concise commentary explains why the laureate received the award and summarizes the individual's other important achievements. This completely updated edition also contains a history of the prize. Four indexes distinguish this title from similar biographical references and enable researchers to search by name, education, nationality, or citizenship, and religion.
