Creating an environment for successful projects, 2019

Why is leadership important for delivering successful projects? Leadership theories, methods and concepts Yasir Farabi, 2012-08-15 Essay from the year 2012 in the subject Business economics Business Management Corporate Governance University of New England course Project Management language English abstract Leadership has long been considered as an essential success factor in business government and military environments However the optimal style of leadership in a particular organizational setting still remains unclear Increasing public scrutiny of leaders has also raised the question of what leadership style is to be put in action that can guarantee success Therefore the purpose of this report is to identify and analyse in what key ways leadership is important to delivering successful projects and also what leadership theories methods and concepts are most helpful in understanding effective project leadership With a view to achieving these objectives this report at first spots some key factors of effective leadership and then discusses few concepts

that are momentous in delivering present day views of leadership The periphery of such undertaking is enormous and it is quite complex to capture an instant snap shot across a number of leadership strategies In order to react to the changing global environment leaders consistently modify their strategies and behaviours Therefore the paper has attempted to limit the depth of investigation across the various measurement criteria because of time and resource constraints Nonetheless these can be satisfactorily used for high level evaluation

Creating the Project Office Randall L. Englund, Robert J. Graham, Paul C. Dinsmore, 2003-02-03 Creating the Project Office is written for managers who are searching for ways to transform their organizations into more effective and efficient project based workplaces As this important book reveals there is no more effective way to make that change than to create a project office tailored to the needs of the organization While a project office model leads to better products from projects it is also a vehicle for generating overall organizational change by transforming the organization from function based to project based This model incorporates projects into the very fabric of the organizational strategy and revitalizes organizations creates competitive advantage and increases shareholder value
