

Davidson's - Rules of Drafting

1

Before a draft is begun the whole design should be conceived.

2

Nothing should be omitted or admitted at random.

3

A necessary result should never be stated.

4

Statements of Negotiation should be avoided.

5

The order of the draft should be logical.

6

The ordinary and accustomed forms of instruments & technical language should be employed

7

Language should be, to the utmost possible extent, precise and accurate that is, every phrase should have a clear meaning and all the phrases should be connected together as to give rise to no ambiguity.

8

While the precedent should not be followed mechanically, at the same time, as long as the precedent is not contrary to or inconsistent with the object to be achieved it should be followed verbatim.

Drafting Rules Principles

David Baud

Drafting Rules Principles:

The Form of Legislation and the Rule of Law Ronan Cormacain, 2022-12-22 What does the rule of law mean in practical terms for the way that legislation is prepared drafted and presented It is a cornerstone of the UK legal order and requires certain things from the legal system such as that the law must be intelligible predictable and accessible This book examines what those requirements mean for the form that legislation must take Using the rule of law as the starting point the author uses deductive reasoning to determine what flows from this in terms of the form of legislation Each element of the rule of law is analysed to establish principles about the form that legislation ought to take and the book examines how each principle can be given concrete effect The originality lies in the nexus between the rule of law and the form of legislation Much has been written about the nature and content of the rule of law but relatively little has been devoted to jurisprudence the theory and practice of legislation This book now draws these two subjects together in a detailed and innovative way
