**Make Ahead Recipes That You Can't Do Away With** Megan Foster,2022-11-02 If you have ever had anyone suggest take outs to you each time you complained of being hungry after a hard day s work I am here to tell you that you don t need such person in your space Regardless of how tedious your job career or business is ordering take out should be your very last resort for a lot of reasons First off when you order take out you subject yourself and your diet to the mercies of foods that you are not sure of how they are prepared Also if you are being sincere with yourself you will agree with me that when you order food outside you spend more money than when you cook at home Of course when you order take out you stop wanting to cook And if care is not taken you might forget how to cook Lastly ordering take outs exposes you to the risk of strangers knowing you and where you live This is not to scare you but ordering take outs would have you exposing yourself to different delivery people who might end up becoming sociopaths or psychopaths All of these can be avoided if you pick a copy of this recipe book In this book you d find challenging make ahead meals that you can cook and store for a long time Get a copy of the recipe book immediately
