## **Cardiac And Pulmonary Management:**

**Cardiac and Pulmonary Management** M. I. Gabriel Khan, 1993 Seventy percent of patients who visit doctors in the Western world come because of cardio pulmonary problems or find that there is a significant cardio pulmonary involvement even if they came for another reason Thus managing cardio pulmonary problems is of major importance to everyone in internal medicine and its sub specialties This book covers the entire field of cardio pulmonary problems in a concise and intensely practical manner The authors of the various chapters illuminate their work with carefully structured tables and useful algorithms This comparatively small book discusses all of the common conditions and pulmonology but covers them from a clinically relevant and practical manner This book gets to the point no wasted or unnecessary background information
