Care Management And Assessment Practitioners Guide:

Care Management and Assessment Great Britain. Social Services Inspectorate, Bob Welch, 1991-01-01 As core management and assessment form the core business of arranging care this practice guidance is relevant to many people in all care agencies whether in local authorities health authorities boards or the independent sector Although related to basic care practice their implications for policy organisation and management are valid **Care Management and Assessment** Great Britain. Social Services Inspectorate, 1991-01-01 Care management and assessment constitute the core business of arranging care which underpins all other elements of community care This guide explains the organizational implications of the changes laid out in the White Paper Caring for People It highlights the key issues for senior managers and how they can best achieve the required changes in organizational structure It should be read in conjunction with Care Management and Assessment Practitioners Guide *Reviewing Care Management for Older People* Judith E. Phillips, Bridget Penhale, 1996 This book discusses the development and implementation of several models of care management Drawing together research to highlight the successes and the difficulties of translating the principles of care management into practice it examines this subject with particular reference to empowerment needs led assessment and multi disciplinary work **Equipment for Older Or Disabled People and the Law** Michael Mandelstam, 1997 This comprehensive book explains the provision both law and practice of equipment and home adaptations to assist older or disabled people in daily living Characterised by ill defined statutory responsibilities and terminology and an under developed consumer retail market the system of provision has long been recognised as chaotic and confusing for professionals and public alike This is despite the fact that equipment and adaptations are meant to be a central plank of community care Necessarily wide ranging but maintaining its focus the book aims critically to describe the system and thereby promote better practice By exploring boundaries and breaking points it will assist people to understand the law when things go wrong from negligence to judicial review and from contract to product safety legislation The range of items covered is great from alarms to artificial limbs baths to bedrooms chopping boards to crutches electronic toothbrushes to environmental controls hearing aids to hoists incontinence pads to ironing equipment rails to ramps speech aids to stairlifts and walking frames to wheelchairs Practical Social Work Law Siobhan E. Laird, 2014-05-01 Practical Social Work Law analysing court cases and inquiries presents legal issues associated with social work in an accessible format It approaches the law in a way that is less daunting and more engaging by examining actual court cases and public inquiries and explores the stories of real people and the legal and ethical dilemmas practitioners will face The text adopts a problem centred approach to learning by introducing the reader to key aspects of the law through a series of real life situations it addresses basic principles regarding the operation of the law and explores the lessons for good practice Each chapter addresses a specific area of social work law including family breakdown safeguarding children youth justice adults with disabilities mental health and mental capacity Landmark cases cases drawn from the lower

courts tribunals and ombudsman s decisions are included throughout presenting an accessible account of the application of the law Practical Social Work Law is an essential text for undergraduate postgraduate and recently qualified social workers who are wrestling with the complexity of the law and the professional dilemmas it poses for their practice This book is unusual for a law book in that it is not only a reference book but also a very readable volume It is set out clearly and provides a sound basis for student social workers new to the law and a refresher for qualified practitioners Catherine Poulter RSW Integrated Community Services Carmarthenshire County Council

Legal aspects of care in the community Bridgit Dimond,1996-11-27 This text provides a readable detailed and comprehensive account of the law in relation to community care This book includes information on the new statutory framework and the different institutional and legal entities which have emerged as a consequence of the discharge of patients from institutional care Wherever possible examples of actual situations will be used to illustrate the legal issues taken from the full range of community professionals and situations with carers and clients This book is a must for all students of healthcare social service and health professionals and all managers working in the community

Care Management and Health Care of Older People David Challis,1995 This text addresses care management and health care of older people It discusses the outcome of care for clients the experience of carers the costs of care and other issues The Darlington Community Care Project serves as a model

Assessing Needs and Planning Care in Social Work Brian J. Taylor,Toni Devine,1993 The assessment of needs and the process of planning care are central issues in modern social work practice This book is designed to assist the social worker to develop key knowledge and skills required to assess client needs and to plan implement and evaluate care Social work practitioners managers and trainers and students on qualifying and pre qualifying training will find this an invaluable aid to the development of sound and yet creative practice

Collins Dictionary John Pierson,Martin Thomas,2002 Fully revised and updated the new edition of the Collins Dictionary of Social Work includes much new material on Britain s constantly evolving social landscape giving concise and comprehensible explanations in jargon free language of the most important social work terms and is designed particularly for students in further and higher education who are preparing for careers in child care psychiatric nursing residential care community care counselling the probation service and social work

Social Work Practice with Older Lesbians and Gay Men Ann Fannin, Lee-Ann Fenge,2008-04-25 An insightful guide into the needs and experiences of older lesbians and gay men and the implications for social work practice

Contemporary Issues in Social Work Steven Shardlow,Malcolm Payne,1998 A review of significant developments in social work practice and education across a range of European states Each chapter is written by a leading expert from the country in question and describes analyses and comments upon the most important developments in social work since 1990 As a result of this approach the book captures the very essence of current developments in Europe This is of increasing importance given the growing interest in the wider context of professional

practice *Understanding Field Social Work* Julian Hillman, Malcolm Mackenzie, 1993 *Living Independently* Paul McCafferty, 1994 This report sets out the main findings of a programme of research commissioned by the Department of the Environment In order to address the objectives set out for the report the study sought answers to four key questions what is the current provision of subsidized housing and housing with care provision for elderly people what are the most cost effective forms of subsidized housing and housing with care provision for elderly people what are the current housing and care characteristics and circumstances of elderly and disabled people at both national and regional levels and what are the best estimates and indicators of need by elderly and disabled people for subsidized housing and housing with care provision for planning local housing strategies *Social Work: Themes, Issues and Critical Debates* Robert Adams, Lena Dominelli, Malcolm Payne, 2009-04-16 Social Work Themes Issues and Critical Debates one of the most respected and widely used textbooks in social work has now been completely revised and updated With its accessible and clearly structured framework the book offers expert discussion of the core topics in social work by top writers teachers and practitioners in the field It provides an essential grounding in the debates that shape the profession as well as a clear insight into the issues at the heart of practice What makes this highly regarded and bestselling book stand out from other texts Its range authority and theoretical integrity Its clear and effective structure which reflects major shifts in teaching and makes it easy to use across modules The importance it lays on practice based learning and on developing core practice skills such as communication assessment and intervention Its value as a springboard to further reading including extensive guidance on further print and electronic sources Its compact size perfect for readers who are travelling between campus and practice settings This is one of three interrelated books edited by the internationally renowned and widely published team Robert Adams Lena Dominelli and Malcolm Payne The companion books are *Critical Practice in Social Work* second edition and *Practising Social Work in a Complex World* Each book can be used alone or in combination with the other two as a uniquely flexible and comprehensive programme of study **The British Journal of Psychiatry** , 1994-07 *Social Work Models, Methods and Theories* Paul Stepney, Deirdre Ford, 2000 In a climate for practice increasingly shaped by global economic and social forces the importance of a reflective discourse about the place of theory in practice is paramount This book argues how social work can be a credible and relevant factor in the lives of people who use its services *Managing the Ageing Experience* Denise Tanner, 2010 A book which truly makes older people s experiences central to understanding how best policy makers and practitioners might promote well being in later life **Developing Quality in Personal Social Services** Adalbert Evers, 1997 This work examines the introduction of business originated concepts of quality insurance which personal social services are confronted with in Europe The orientation towards this approach should raise professionalism There is evidence that the specificities of personal social services are not always taken into account when it comes to introducing market values and mechanisms Thus the book focuses on the need for more adequate criteria for quality standards of service whilst

considering the preconditions of defining quality The study uses different European countries for its assessment
