Selfish Or Caring? America's Choice Thomas S. Langner,2010-02 How did the U S get into a war over non existent weapons of mass destruction How did we allow our civil rights to be hijacked and our environment raped How did we manage to let our personal savings be plundered How did we get into an exploding financial depression The greed of Wall Street and many CEOs is linked to the poor parenting of some conservatives who learned to value success and personal gain more than caring for others The character disorders of a Bernie Madoff many investment bankers sub prime realtors past U S presidents and bellicose leaders such as Alexander the Great Napoleon Hitler and Stalin may spring from early childhood trauma especially from men s conflicts with their fathers A series of losses abetted by rapid social change and life in an increasingly complex society instead of close knit communities has accelerated the move to the Right over the past thirty years It even brought us to the brink of dictatorship These losses of identity self esteem love and affection social supports and control over life events are still threatening Add to the mix poor parenting and you have a perfect recipe for the intense longing for authority religion and a homogeneous community life that preceded Hitler s Germany With luck President Obama and his team can save us from this authoritarian tide
