## Catch A Wave:

**Catch a Wave** Peter Ames Carlin, 2007-06-26 Brian Wilson was the visionary behind America's most successful and influential rock band. As the leader of the Beach Boys, he sold 100 million records and built a catalog of songs that continues to define the sound and feel of American popular music. He also became one of the culture's most mysterious and tragic figures, but after spending years lost in a wilderness of despair, Wilson has fought his way back to productivity. Now, journalist Carlin, who conducted in-depth interviews with dozens of sources and listened to hundreds of hours of unreleased studio recordings and live music, tells a uniquely American story of the band, the music, and the culture the Beach Boys both sang about and helped create. **Catching a Wave** Rory Dicker, Alison Piepmeier, 2016-02-01 Young women today have benefited from the strides made by grassroots social activists in the 1960s and 1970s, yet they are hesitant to identify themselves as feminists and seem apathetic about carrying the torch of older generations to redress persistent sexism and gender-based barriers. Contesting the notion that we are in a post-feminist age, this provocative collection of original essays identifies a third wave of feminism. The contributors argue that the next generation needs to develop a politicized collective feminism that both builds on the strategies of second-wave feminists and is grounded in the material realities and culture of the twenty-first century. Organized in five sections that mirror the stages of consciousness-raising, this is an engaging, often edgy look at a broad range of perspectives on the diversity, complexity, multiplicity, and playfulness of the third wave. It is also a call to action for new voices to redefine a feminism that is not only personally aware but also politically involved.

*Catch a Wave* Tom Coffman, 1973 CATCH A WAVE is a study of the early statehood politics of Hawaii. The legendary Governor John A. Burns is challenged by the brilliant upstart Thomas P. Gill in the Democratic primary. The influences of labor, business, war veterans, insiders, and outsiders are revealed in the process. The campaign was an early exercise in fusing money and television. The renowned Democratic consultant Joseph Napolitano called CATCH A WAVE required reading for anyone interested in politics and government in Hawaii. The book has sold 20,000 copies. The current printing is its sixth.
